Dear Parents / Guardians

RE: EQAO Grade 9 Assessment of Mathematics

The **Grade 9 Assessment of Mathematics** will be administered at Agincourt CI on **Thursday, June 16, 2016** from 9:00 a.m. to 12:00 p.m. All academic and applied Grade 9 math students in Ontario must write this assessment. EQAO is a mandatory part of the Grade 9 math curriculum, and this provincial assessment counts for 10% of students final math mark (in the summative portion of their mark).

This assessment will cover material from the entire school year. Questions are related to a strand and category of math curriculum. Each course level (academic and applied) will write an EQAO assessment designed to reflect their respective math curriculum expectations. The test is structured into two 60-minute booklets. Students will complete the following:

Booklet 1 – 60 minutes	Booklet 2 – 60 minutes
<ul style="list-style-type: none">• 7 Multiple Choice Questions• 4 Open Response Questions• 7 Multiple Choice Questions	<ul style="list-style-type: none">• 7 Multiple Choice Questions• 4 Open Response Questions• 7 Multiple Choice Questions

STUDENT SUPPORT

All students with IEP's will be accommodated for the assessment according to the specifications on their IEP's.

Extra math help (in general) continues to be available on Mondays and Wednesdays in the library between 3:15 p.m. and 4:45 p.m.

Additional EQAO-specific math help will also be available on the following dates from 9am-12pm in the library:
Saturday, May 28 Tuesday, June 14 Wednesday, June 15

For more information on the Grade 9 Math EQAO, you may refer to the EQAO website: <http://www.eqao.com>. You may click under "Parent Resources" and then "Grade 9 Assessment of Mathematics" to find resources and several tests, formula sheets and answer keys from previous school years.

We are looking forward to a successful year with the Math EQAO.

Thank you for your continued support. If you have any questions regarding this assessment you may contact your son or daughter's Math Teacher, or Peter Petrou, Curriculum Leader of Mathematics, at 416-396-6675 ext. 20276.
