June 7, 2017

To the Parents/Guardians, Students and Staff of Bloor Collegiate Institute,

On June 7, 2017, the Toronto District School Board approved a series of promotions and transfers of school administrators within the system. At that time, it was announced that Alison Warner was transferred from Eastdale Collegiate Institute and will assume the role of Vice-Principal at Bloor Collegiate Institute, effective September 1, 2017.

Alison has been a Vice Principal for the past 5 years, and has proven to be an outstanding leader, demonstrating an inspiring ability to connect with students in a positive and engaging manner. Through fostering the professional collaboration of all, she encourages high levels of academic achievement for all students and is committed to building strong relationships that create a warm and welcoming environment for all.

Please join me again in welcoming Alison Warner to the Bloor CI community where she will work closely with Vice-Principal Aloise and Principal Arnott.
