University of Toronto Women in Computer Science Tech High 2017-2018

What is the Tech High program?
An opportunity for high school students to learn about software develop and works in teams to gain hands-on experience developing software for real world use! Students will also have a chance to enter their software to competitions and visit the offices of various tech companies in Toronto. The program is run by the Women in Computer Science Club at the University of Toronto.

What is the duration of the program?
The program runs from September 2017- May 2018.

What is the expected time commitment?
The expected time commitment is about 4-8 hours per week. Students will meet bi-weekly with their assigned teams and mentor at the University of Toronto, and be expected to spend some time developing software on their own.

Who can apply?
All high-school students. Experience in software development is not expected. Females are especially encouraged.
