

Sing Me A Song - Nancy Telfer

Sing me a song that flies like a bird;
Sing me a song that smells like the spring;
Sing me a song that laughs like the wind
And tastes like the water from a mountain stream.

Sing me a song to share with a friend,
A song of the sea, a song of the land;
Sing me a song we'll never forget,
A song of the lakes, a song of the sky.

Sing me a song as green as the grass;
Sing me a song as high as a tree;
Sing me a song as strong as a rock
And as wide as the sky when the stars come to dance.

Sing me a song to share with a friend,
A song of the sea, a song of the land;
Sing me a song we'll never forget,
A song of the lakes, a song of the sky.
