

Rockstar Theatre

Group Drama Presentations:

Step 1- In groups of 5-6, prepare a silent dance or movement presentation to showcase rock formation from one of the following three categories: Igneous, Metamorphic, Sedimentary.

Step 2- Practice your presentation with members of your group.

Step 3- Share your drama presentation in front of the class. See if the rest of the class can guess the type of rock that you and your group were pretending to be!
