Crosstown LRT Project - Update

On April 18, 2018 representatives from the TDSB and Metrolinx met to discuss mitigation measures and construction activities related to the Crosstown LRT project. The construction on the south side of the street, in front of Eglinton JPS, will be executed in two phases. The TDSB is negotiating an agreement with Metrolinx, which will establish the rights, roles and responsibilities of each party.

Metrolinx advised the following:

Phase 1

- The current sewer work at the west end of the school is proceeding as planned and is anticipated to be completed in June 2018.
- Both parties agreed on the need to implement mitigation measures for noise and erect a physical barrier. Metrolinx will provide the TDSB with a detailed design proposal for review which is expected next week. We will share more details when available.

As you know, the TDSB has assigned a project manager to the project. Both parties will continue monitoring any issues that may arise and take the necessary measures to ensure the safety of students and staff.

Phase 2

- The pile wall and construction of a station on the north side of Eglinton Ave. will start on the north- east side of the school in late May 2018. This work is anticipated to be completed in early 2019. Scaffold-type protection for this project is currently in the scope.
- Both parties agreed that a physical barrier needs to be erected and mitigation measures for noise implemented before the start of phase 2. Metrolinx will provide the TDSB with a detailed design proposal for review.

For regular updates, please visit the school website <http://schoolweb.tdsb.on.ca/eglinton/> (see "Eglinton Construction and Safety Updates"). Additional information on the Eglinton Crosstown LRT project can be found at <http://www.metrolinx.com/en/greaterregion/projects/crosstown.aspx>.

If you have additional questions, please contact Principal Stevan Ivancevic at Stevan.Ivancevic@tdsb.on.ca or 416-393-9315. For construction-related concerns or questions, please email the TDSB Project Manager at eglintonproject@tdsb.on.ca.
