Filming Notification

April 6, 2016

Dear Business's & Neighbors,

Skin & Bones, a Canadian Film Production Company, is currently producing a television commercial for 'Kraft'. We have asked the city of Toronto for a permit to film a segment of this commercial at 20 Givins St.

We are filming on Wednesday April 12, 2016 between the hours of 7am & 11pm.

Once a permit is granted for filming, our production vehicles will park on the north side of Rebecca St. from Ossington Ave. to Givins St. Production will also be parking on one side of Givins St. between Bruce St. and Queen St. West.

We ask all permit parkers who are displaced by this, to park in the nearby Green 'P' parking lot on Ossington Ave. Or the parking lot under the TD Canada Trust bank, located at 1033 Queen St. West. (Or any other parking lot of your choice) Please keep your parking receipt and either I or a production representative will reimburse you. A company representative will be coning the required parking spaces for production vehicles, the afternoon before our shoot date. All emergency exits and private driveways will be maintained unless previous arrangements for use have been made.

If you have any questions or concerns regarding filming in your neighborhood please do not hesitate to call the City of Toronto Film & Television office @ 416-388-3456. Alternatively please call myself John Harpur, location manager, for Skin & Bones @ 416-938-1873.

Thank you for supporting Ontario's film industry.

Sincerely,

John Harpur
Location Manager for Skin & Bones
