## PRINCIPAL'S PLACE

What an amazing September we have had at North Bendale! Our staff and students have created a buzz of learning in the air!

Our character trait this month was RESPECT. Our students and staff have been working hard to reinforce the concepts of respecting property, yourself and others. Along with our character trait, we focused on ORGANIZATION, which is an essential skill in life. Our recipients of the awards this month exemplified these traits and were excellent role models for their peers.

North Bendale community, we need your help! As announced on Curriculum Night, our first priority is student safety. Our doors will all be locked and visitors, parents and community members will only be permitted to enter the building through the front doors. After you enter the building, you must report to the office to sign in and obtain a visitor badge. The staff has been asked to be diligent about this. Therefore, your cooperation is required to ensure that we can keep our children safe. It also gives staff the ability to be clearly focused on your issue at hand when you speak to them to ensure instructional time is not interrupted.

Thank-you so much for making our North Bendale family so warm and supportive. Our students flourish with your support and a team effort!

Here's looking forward to October!
