

Social Media In The Family

A presentation for parents and caregivers
from Steve Chapelle

Wednesday, January 25

7:30 - 8:30 pm

Zion Heights MS library

Examples of social media usage by family members that create unnecessary risks are examined. Areas of focus are motivations & deterrents, account security, parental controls and preparing for adulthood. An action worksheet summarizing the key takeaways for attendees is provided. The presentation, for parents and caregivers only, is 60 minutes plus time for questions.

Steve Chapelle has been providing social media behavior education to Ontario students, parents and educators since 2006. Prior to that he spent over 20 years in technology management, analysis and customer service, primarily in the financial services sector.
