

GEOGRAPHY

Tel: 416 298 0636 ext. 20075

Staff: Ms. S. Akerman; Ms. S. Merali; Ms. M. Viger; Mr. I. Robertson; Mr. D. Aucoin

Courses: CGC1P1 CGC1D1
CGG3O1 CGW4U1

Course Outline

Course Name: GEOGRAPHY OF CANADA Grade: 9 Course Code: CGC1P

Pre/Co-requisite: None

Recommended Preparation: None

Textbook(s): Geography Now

Replacement Cost: \$48.00

This course focuses on geographic issues that affect Canadians today. Students will draw on personal and everyday experiences as they learn about Canada's distinct and changing character and the natural and human systems and global influences that shape the country. Students will use a variety of geotechnologies and inquiry and communication methods to examine practical geographic questions and communicate their findings.

Course Name: Travel and Tourism Grade: 11

Course Code: CGG301

Pre/Co-requisite: CGC1D/CGC1P

Textbook(s): TRAVEL QUEST

Replacement Cost: \$54.00

This course focuses on travel and tourism as the vehicle for studying selected world regions. Using a variety of geotechnologies and inquiry and communication methods, students will conduct and present case studies that develop their understanding of the unique characteristics of selected world regions; the environmental, cultural, economic, and political factors that influence travel and tourism; and the impact of the travel industry on communities and environments around the world.

Course Name: Canadian & World Issues: A Geographic Analysis

Grade: 12

Course Code: CGW4U1

Pre/Co-requisite: Any university prep course in C&WS, English, or Social Sciences and Humanities

Textbook(s): Global Connections and World Issues **Replacement Cost:** \$85.00

This course draws on geographic concepts, skills, methods, and technologies to analyse significant issues facing Canadians as citizens of an interdependent world. Students will examine the challenges of creating a sustainable and equitable future through the study of a range of topics, including economic interdependence, geopolitical conflict, regional disparities in the ability to meet basic human needs, and protection of the planet's life support systems.
