\*Some students may benefit from taking grade 9 English before taking grade 10 English courses.

\*\*Summer school courses subject to availability. Please visit [www.creditprograms.ca](http://www.creditprograms.ca) during the month of May for more information.

Note: The pathways show how most English language learners may progress through their ESL courses and into mainstream English courses. Not all students will follow this sequence exactly, and individual students may vary in the rate at which they progress through the levels. Your academic pathway may also be dependent on your Mathematics and Science courses. Please see your Guidance counsellor for more information!
