### **On-Line Learning**

Yesterday you would have received an email from the TDSB with the status of on-line learning. Elementary schools will remain closed to students until at least Monday January 25, 2021. During this extended closure, remote learning will continue. Your child(ren) should be online daily, just the same as a regular school day. ### **Devices**

If you still require a device for this extended learning. Let your child's teacher know. Once school returns to in-person, please return the devices that were lent to you.
