

## REGISTRATION FORM

### **Magic Modelling Clay**

Children can't get enough of model magic clay. This popular form of clay is soft, squishy, easy to mix colours, and it doesn't stick to hands unlike traditional clay. Clay is one of the most versatile and fun medium for children to unleash their creativity. This course offers children the opportunity to create something they love: farm animals, yummy pretend food, cool cartoon characters, miniature castles, forest scenes and many more.

**(JK – SK, Price \$130, Wednesday)**

### **Cool Kids Jewellery and Accessory**

This course teaches students how to create and design their own unique, handmade jewellery and accessories. They will complete many projects and learn techniques for creating simple to complex pieces of jewellery and accessories including polymer clay charms, decorative jewellery box, pretty fabric purse and many more. There are a lot of beautiful and valuable creations to take home.

**(Gr. 1 - 4, Price \$130, Tuesday)**
