Password is reset to the default:

Last four digits of the student number, day you are born, month you are born, then @Tdsb (note the capital 'T')

Eg. **20200101@Tdsb**

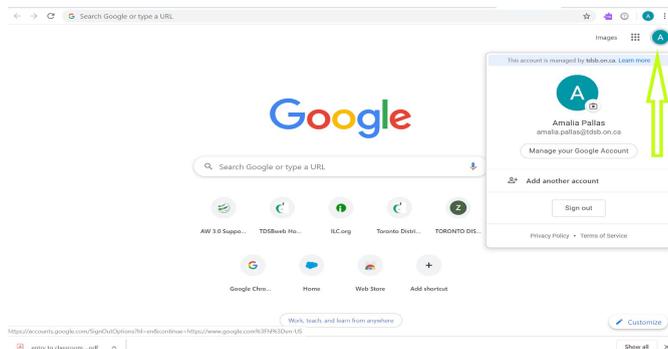

After, you will be asked to set a new password. You should aim for 8-12 characters. These passwords do NOT expire. It is suggested to use a combination of upper case, lower case, numbers, and symbols to best protect the account.
