

# We Are So Thankful

*By: Ms. Jamil's Grade 2/3 Class*

Blaydon P.S.

*To the Amazing Staff at Humber River Hospital,*

*Words cannot express how grateful we are for your courage and care at this time. While we stay safe at home, you are on the front lines (often away from your families) doing your best to make sure that our community stays healthy and protected. **We are so appreciative** for all that you do: your bravery, your skills and your dedication. The students in Room 202, Blaydon P.S. would like to join me in saying:*

**Thank You!**

*Sincerely,*

*Ms. Jamil, Grade 2/3, Blaydon P.S.*

# We Are Thankful

I am thankful because doctors help people that have the virus and are sick. Doctors are saving lives and helping everyone in the community so no one gets sick. If there were no doctors than most people would get sick. Thank you for all your help and your hard work.

# Thank You

Hello my name is Naomi and I'm 8 years old. For the last 6 weeks i've been watching TV and hearing a lot of things about COVID-19. It's really a scary thing having to think about the doctors and nurses and first responders that sacrifice themselves in order to save us. So I would like to say THANK YOU to all those bravehearts out there that stay away from their own families to save ours THANK YOU. Thank you TORONTO for #stayhome all the long days we have to stay in its only gonna save us all in the end allow us to get back to doing normal things like going to the park, being back @ school, my mom gets to go back to work.
