Take Digital Media

**YOU CAN'T
OVERDOSE
ON MUSIC**

Digital Media can include: Photomanipulation, Typography, Graphic Design, Sound Art & Beatmaking, Video, Animation, 3D modelling, Paper Sculpture and lots of other things. Projects require creative problem-solving, but you can do great work even if

you don't know how to draw. You might even discover a creative side of yourself that you didn't even know was there! There are lots of good reasons to take Digital Media, but the best reason is simple. It's a lot of fun!

Improve your digital creativity! Take AWS - Digital Media!

Picture Yourself Drawing and Painting

Learn to draw and paint like an Old Master! Learn anatomy, proportion, gesture and contour drawing and colour theory, while gaining experience with a range of paint media, including

acrylic, watercolour and oil paint. At the same time you'll learn lots of 'secret' professional techniques and shortcuts to make your work better and easier to do.

Dont brush off this opportunity! Take AWM - Drawing and Painting!

Get Hands-On with Sculpture!

In Central Tech's Sculpture department you can learn most all of the different ways to make sculpture. Work in clay or plaster, or sculpt something in wax and cast

it in bronze. You can build things with wood, & other materials, or create things with the 3-D printer. Sculpture is hands-on and it's a lot of fun. So...

Photo is da Bomb!

Photography is way more than just "Say cheese!". Learn simple strategies to help you take shots with great composition. Learn what you need to know to catch LeBron in mid air, or bring out detail in low

light. Use depth of field to bring focus to your subject, or long exposure to bring magic to night shots. Photography shows you a whole new way to see the world. And it's a lot of fun.
