## Clinton Cougar Chronicle Vol. 28

March 28, 2024

Dear Clinton Community:

Today is the opening day for the Blue Jays baseball season. Somewhat coincidentally, many key members of the Chronicle's writing team are absent. Due to this utterly predictable Chronicle staffing shortage, Volume 28 will be brief.

Next week, we intend to share the 2024 / 25 classroom organizational model for Clinton Street PS. That model will illustrate the number of classes our school will have next year and the grade configurations for each class. Once the model is approved, we will move into the next phase of school organization for next year.

We hope you all enjoy the first long weekend of spring and please see the message below from our amazing school council.

Dan Taylor

Principal
