Our Theme This Year

As we **return** may we all **rediscover** the wonders of our school and the magic of curiosity and learning. As we **reconnect**, may we find that which brings us comfort - friendships, laughter, belonging and community.

return • rediscover
reconnect

Limit Idling @ Corvette East Parking Lot (by Daycare)

Vehicle emissions are a contributing factor in climate change. By reducing unnecessary idling to just one minute, we are helping to improve the quality of the air in Toronto. It's one simple way that we can all help to keep our air clean.

Parking Safety

We are asking families to exercise care when parking on the street or parking spaces. We will be speaking to students about using the sidewalks as their main thoroughfare when entering or exiting the school yard.

Though there have been no incidences, we need to be proactive in ensuring the safety of all of our students and families accessing the school via private vehicles.

As the warmer season descends upon us, we have more and more children walking to and from school and therefore their safety is of our utmost concern.

School News

Corvette Jr PS Uniform

Corvette is a uniformed school and students and families will have an opportunity and option to wear the school uniform. McCarthy's will continue to provide the uniforms for families wishing to purchase them.

We also have uniforms donated to the school. We will share more information about a "Uniform Share" closer to June.

Corvette Jr PS Spirit Wear

Students will also have an opportunity to wear the Corvette Jr PS Spirit Wear. The Spirit Wear comes in a hoodie or a t-shirt.

These items will be on sale once again in the new year.

Corvette Jr PS Colours

Many students wear the Corvette colours of blue, grey or white. A white or blue collared (non-crested/non-McCarthy) shirt also suffices.

These white or blue collared shirts can be purchased anywhere.

Students can also choose to wear non-Corvette specific attire as long as they follow the TDSB's Dress Code Policy.

Upcoming Events

Upcoming Events

May 25 - Track and Field Day @ Corvette (Gr 1 - 6)

May 26 - Grade 3 and 6 Virtual EQAO Information Night

May 27 - Track and Field Day (Rain Date)

Gr 3 and 6 EQAO Info Night

Families of Grade 3 and 6 students are invited to attend a Virtual Information Night to learn about the upcoming Educational Quality and Accountability Office (EQAO) assessments (June 6 - 10).

The link will be sent to families closer to the date.

EQAO Info Night
Thursday, May 26, 2022
6 PM
Zoom Link TBD

Wednesday, May 25, 2022

For the first time in 2 years, Corvette will host its local Track and Field!

This will take place on Wednesday, May 25, 2022.

Track and Field will be open for students in Grades 1 - 6.

A great big thank you to Mr. Lauria and the planning committee for this amazing opportunity!

Volunteers Needed!

Track and Field is a busy day at school!
We invite families who may be interested in helping out to please connect with the Office (416 396 6180) and get on the list to volunteer!

Any support you are able to give on this day would be greatly appreciated!!

School Improvement Planning

Goals set by the school in partnership with families and the community focus on these 3 main areas:

Achievement, Well-being and Equity

Click on the image to play the video or this link: <https://youtu.be/fhFoBS-yNZs>

What are School Improvement Plans (SIP)?

Over the next couple of weeks, we will be sharing with you Corvette's journey this school year. At the same time, we will continue to listen to families, staff and students about how we can continue to improve our school, teaching and learning for 2022/2023.

We hope you will be able to join us in discussing our goals moving forward.

Please stay tuned for more opportunities to connect with the school.

Corvette's Actions Plans for School Improvement

WHAT DOES THIS LOOK LIKE?

Equity and Inclusion

- How do we, as educators, continue to learn to ensure that our practices are equitable and inclusive?
 - What do we need to change in our practice so that all students can succeed and continue to work towards their full potential?
 - How can we ensure that all of our decisions center students, especially students who are in the margins?
- 

Corvette's Actions Plans for School Improvement

WHAT DOES THIS LOOK LIKE?

Student Leadership

- All students should have an opportunity to practice and develop leadership skills in their classroom and throughout the school
- Classroom teachers and teacher leaders will develop opportunities for students to demonstrate leadership in different capacities
- Students will be given an opportunity to lead with teachers in different school committees

Student Leadership and Clubs @ Corvette (21/22)

- Corvette TV Announcers
- Door Monitors
- Library Helpers

- ECO Club
- Gardening Club
- Student Leadership Council

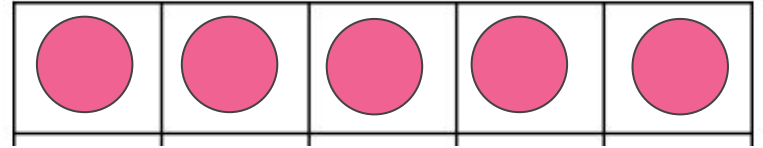

Corvette's Actions Plans for School Improvement

WHAT DOES THIS LOOK LIKE?

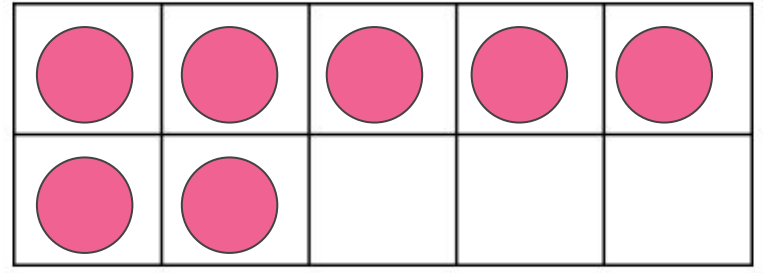

Let's talk (about) Math

- Understanding number facts and how number works together is crucial to **doing** the Math
- Understanding the concepts of why we do the Math in a specific manner is as crucial, if not more!
- A strong understanding of mathematical concepts gives students an opportunity to extend their thinking and apply the concepts to real life experiences

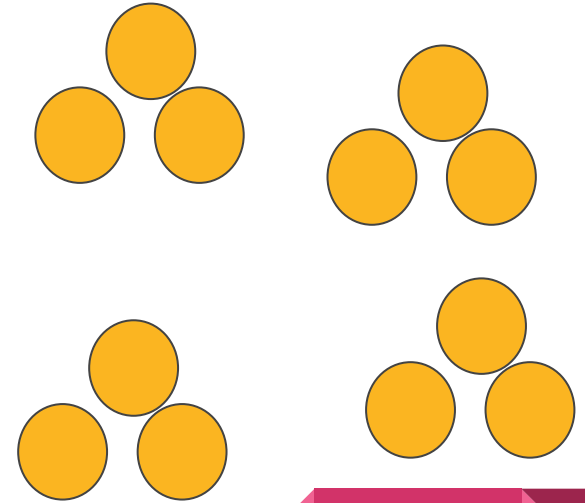

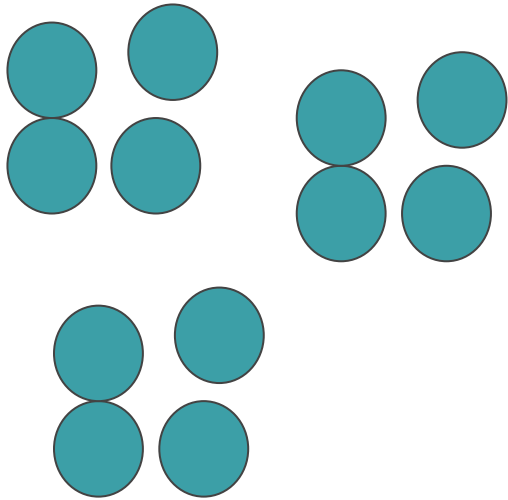

If this image represents the quantity of 5,

what does this image represent? How many dots are there? How do you know?

Is 3 groups of 4 the same as 4 groups of 3? Why or why not?

Corvette's Actions Plans for School Improvement

Small group instruction to support students' immediate needs!

WHAT DOES THIS LOOK LIKE?

- Small groups of 4 - 5 students - students grouped by student reading interest, by reading level, a reading need (e.g., need to practice endings like 'ed', 'tion', etc., specific sounds (e.g., 'oi,' 'ea,' or 'ch')
 - Small groups of 4 - 5 students working on a word problem together with an adult
- 

What are School Improvement Plans (SIP)?

A school improvement plan is a road map that sets out the changes a school needs to make to improve the level of student achievement, and shows how and when these changes will be made.

School improvement plans are selective: they help principals, teachers, and school councils answer the questions “What will we focus on now?” and “What will we leave until later?”

In the TDSB, SIPs focus on four areas:

- Equity
- Well-Being
- Achievement
- Indigenous Education
