CASH ALLOWANCE ITEMS – DIVISION 01 21 00, ITEM 1.1.4	ACTION BY
1 – Supply and install of interior and exterior signage (excluding traffic signage). In design stage (mtg 4) on going (mtg 5)	Board Snyder
2 – <b>Toronto Hydro service connection charges</b> . SI from Snyder to be issued. (mtg 3) EW-e note Shaheed sent an email (apr-29-19) to owner noting budget cost of \$92k. Owner note to issue instruction to pay \$92k cheque for hydro work via cash allowance. Snyder to issue instruction (mtg 4) board and snyder to discuss, before instruction issued engage T.O hydro, and to pay via cash allowance (mtg 5) EW-e to speak to Sal to sort out so that payments can be issued (mtg 6) Board & EW-E have spoken, but need to speak again. As percon wants the primary and secondary installed this year, along with a power shack for site power usage until the building is ready (mtg 7) as discussed cec to speak to Toronto hydro if allowed to have a power shack on site (mtg 8) T.O will not allow a power shack, must have temp pwr pole until site is ready (mtg 10) as discussed march 2020 (or sooner) the exterior service work needs to be started and completed in preparation for Toronto hydro (mtg 17)	noted
B – Natural gas utility company charges for new gas connection. Site Instruction from EWE to be issued. (mtg 3) EWM to look into natural gas offer to connect, with Enbridge, and obtain a budget cost to be presented to the owner, so that a formal instruction can be issued to pay for the service via cash allowance (mtg 4) on going issue EW-M to contact board directly if there is an issue (mtg 5) (mtg 6) EW-M is noting as per spec that it is the mechanical contractor has to make the call to Enbridge in regards to set up (mtg 7) (mtg 10) (mtg 12+13) board to fill application owner section. EW-M has filled intechinical portion already (mtg 14) application filled and sent to enbridge. Board to verify if payment was made by board. Percon to contact enbridge on a date of install (mtg 15)	noted
4 – <b>Fire alarm monitoring panel</b> (Owner to Provide and program the FA monitoring panel). As discussed owner to provide secondary FA 'red box' when site is ready to receive. EW-e to clarify exactly the scope of work (mtg 4) (TDSB to supply and program the F.A. monitoring panel). EWE to issue installation/connection when site is ready. (mtg 5)	noted
5 – <b>LAN connection</b> (TDSB to make final connection to LAN wiring at outlets and inside HUB Room). Owner to perform final terminations at outlets when site is ready. Wire & outlet provided via contract. EW-e to clarify exactly the scope of work (mtg 4) TDSB to make final connection of the Data wiring at the outlets and at the patch panels (mtg 5)	noted
6 – <b>Outgoing telephone system switch</b> (Owner to Provide and program the standalone telephone switch). Owner to provide switch and program when site is ready. Wire provided via contract. EW-e to clarify exactly the scope of work (mtg 4) TDSB to supply and program the standalone Telephone switch (mtg 5)	noted
7 – <b>Outgoing telephone system connection</b> (Owner to make final connection of outgoing telephone wiring at outlets and at telephone backboard) from demarcation point to room outlets final connections. Owner to make final connections when site is ready. EW-e to clarify exactly the scope of work (mtg 4) TDSB to make final connection of the outgoing phone wiring at the outlets and at the telephone backboard/Bixs panel (mtg 5)	noted
B – <b>Telephone company's incoming service connection charges</b> (up to main telephone terminal), up to main demarcation point. EW-e to clarify exactly the scope of work (mtg 4) EW-e has clarified that this is the main Telephone	noted

All visitors on site to Sign-In with the Site Super and be properly equipped with PPE.	All
Trades to provide all safety ppwrk to site and percon office before starting on site	All sub-trade
Consultants to provide their own safety harnesses	noted
SAFETY ITEMS (NEW ITEMS IN BOLD)	ACTION BY
will be artificial turf (mtg 12+13) (mtg 14)	
product to use and will pass on the info to Snyder (mtg 7) board noted this system will be possibly deleted. Board still reviewing (mtg 8) to clarify it is reinforced sod, not artificial turf. Board and Snyder still reviewing (mtg 10) board noted it	
dwgs) as per Add#03 (mtg 4) under review (mtg 5) board and Snyder to review if artificial turf is required or not (mtg 6) Snyder has reviewed alternates, but they are sub-standard. Board notes to hold for now, as the board has a standard	
17 - Supply and install of the artificial turf surfacing. (Base bid to include sub- base and sub-drainage shown on landscape	noted
16 – Unforeseen and concealed conditions. on going (mtg 4)	noted
15 – Preparation of a fire safety plan. By board at later date. Board needs set of dwgs from snyder (mtg 4) dwgs provided with board to prepare (mtg 5)	noted
MILLWORK = AWMAC (mtg 4) commissioning agent to be chosen still (mtg 5) (mtg 7) (mtg 10) (mtg 14) (mtg 15) tender by board to close next week (mtg 17) (mtg 18)	
PAINTING = OPCA inspection deemed not required  COMMISSIONING = board to choose	
FINISH HARDWARE = inspection by AHC FLOOR TILE = TTMAC inspection deemed not required	
compressive test, masonry structural grout and mortar, up-fill, asphalt marshall test, inspection & testing services  ZEC = roofing, building envelope including window test(s), transition membrane, cavity wall insulation & fire proofing  BUTLER = structural steel inspections above grade	
14 – <b>Testing and inspection SI#06</b> has been issued. (mtg 2) <b>HLV2K =</b> soils, environmental, soil bearing capacity, compaction, footing and foundation reinforcing, concrete compressive strength test, CMU	Noted, Board
(mtg 17) pkg gate equipment should be okay as per instruction. Board to check internally one last time (mtg 18)	Noted Board
13 – Supply and install of a Parking garage traffic access control system. In design stage (mtg 4) on going (mtg 5) si# 16r1, issued. board to re-confirm with snyder (avi) that all information has been received, understood, and sent to percon	board
T.O (mtg 6)	
Not a contractor's scope of work, Board and Snyder to handle directly (mtg 2) as discussed the pipe capping is done on millwood. Davisville requires locates by T.O water before capping work, quote from T.O Water for new water connections needed. (mtg 4) as discussed all capping work is completed. Municipal services permit application submitted, waiting on	
12 – Municipal charges for new water, storm, and sanitary service connections and disconnection of existing services	noted
	n a ta d
lighting/HVAC unit in Gym area to suit board requirements. Board to confirm if required. Board has confirmed this is not required anymore (mtg 5)	
Site instruction from EWE to be issued. (mtg 3) with owner to confirm if required (mtg 4) ew-e has clarified that this is to Provide relays, contactors, pushbuttons, BAS control points and associated conduits/wires to Control	
11 – <b>Supply and install of the Lighting / HVAC controls in Gym area</b> (Provide relays, contactors, pushbuttons, BAS control points, and associated conduits / wires to Control lighting / HVAC unit in triple gym to suit board requirements)	noted
wiring at the control panel (only) and to program the panel itself (mtg 5)	
10 – <b>Security system</b> (Owner to make final connection of the security wiring at the control panel (only) and to program the control panel itself) EW-e to clarify exactly the scope of work (mtg 4) TDSB to make final connection of the security	noted
9 – Cable TV incoming service connection charges (to main Electrical Room). EW-e to clarify exactly the scope of work (mtg 4) EW-e has clarified that this is the Cable TV incoming service to main electrical room (mtg 5)	noted
Cable TV incoming carvice connection charges (to main Electrical Poom). EM a to clarity exactly the econe of	noted

Visitors to be careful when walking in the site, due to open excavation and exposed rebar							
Visitors to be careful when walking in the site, due to slippery conditions due to mud, ice and snow							
OLD MEETING ITEMS (NEW ITEMS IN BOLD) *** = post mtg notes PCM = pre-construction mtg	ACTION BY						
2.9 – Commissioning agent to be chosen, board and Snyder to review. (mtg 2) Related to SI# 6. On going, as discussed specs note commissioning agent to be notified when excavation started, which already has started (mtg 4) on going, with board (mtg 5) (mtg 6) (mtg 7) (mtg 8) (mtg 9) (mtg 10) (mtg 11) board down to 2 candidates (mtg 12+13) (mtg 14) on going. Percon note agent should be chosen soon, as underground items have been closed in, or are in process of being closed in, as well as commissioning ppwrk and set up meeting needs to be set-up and coordinated with the trades (mtg 15) board to issue tender by end of the week (mtg 16) board to close tender next week (mtg 17) (mtg 18)	Board						
3.0 – Board has asked for Snyder to review and confirm site plan approval and if there is any impact on the building permit. (mtg 3)  Snyder note the SPA review is holding up the issuance of the final bldg. permit. Snyder note it is at the signature level. As noted Current permit is for fdn to roof, and includes civil work. When full permit is ready Percon will print at a cost (mtg 4) board has reviewed and signed the SPA, and sent it back to the city. It is with the city now for final signing and issuance. Snyder to follow up (mtg 5) as discussed the city has signed it, waiting for copy / ppwrk (mtg 6) (mtg 7) on going. city needs more documents fom the board before processing (mtg 8) (mtg 9) (mtg 10) as discussed 68 davisville report from HLV2K is required to finalize the SPA permit (mtg 11) report now rec'vd. Board to perform final reviews and signatures before city can issue final permit (mtg 12 + 13) should have final permit in 2 weeks, board has submitted all ppwrk to the city now (mtg 14) as noted sprinkler permit ppwrk submitted also. Should have final permit in 2 weeks +- (mtg 15) percon to follow up with general sprinkler and confirm (mtg 18)	General sprinkler						
4.08 – regarding CD# 2 – contaminated + debris soil.  As discussed: - HLV2K to count trucks - there will be weight tickets - HLV2K to have people at dumping site also. Percon to forward the address (mtg 4)	noted						
Address forwarded. HIV2K needs the weigh tickets still. Percon to follow up with Rockwell siteworks (mtg 5) Additional contaminated soil found at the millwood road entrance area (mtg 6)							
Rockwell siteworks note they have received approval from GFL dumpsite to start transporting material off site (mtg 7) rockwell notes quotations will be submitted this week for completed to date (mtg 8) Percon has submitted the costs for soil removal to date, with additional soil removal costs expected later on, until all contaminated soil is removed from site (mtg 9) as discussed the site is encountering more contaminated soil. Areas are being documented and reported by HLV2k, as per previous process (mtg 10) on going, excavation is upto grid 18 only still (mtg 11)  As discussed, there are some new areas found which have brick/rubble in landscape areas (mtg 12 + 13) on going (mtg 14) (mtg 15) (mtg 16) (mtg 17) (mtg 18)							
6.10 – as discussed regarding durolawn supplier of re-enforced sod product. As discussed durolawn wants to be paid 100% up front to hold pricing until time of install. As discussed percon note durolawn is single sourced. Board does not agree, and wants Snyder to find 2 other companies who can provide the product (mtg 6) Snyder has reviewed alternates, but they are sub-standard. Board notes to hold for now, as the board has a standard product to use and will pass on the info to Snyder (mtg 7) to clarify the work is for re-enforced sod. Board notes the renforced sod has never worked, and maybe deleted altogether. Board wants Snyder to propose an alternate method, or just put sod. Percon also note if the product is staying, the supplier wants to be paid up front 50% (mtg 8) PMA landscaping speaking with board on appropriate product to use. Issue still under review (mtg 9) (mtg 10) as discussed there will be no re-enforced sod, it will just be sod, Snyder to issue instruction (mtg 11) as discussed, the board noted this will now be artificial turf. Snyder to issue formal instruction (mtg 11+12) as discussed an instruction to be issued for artificial turf for all areas that had	Snyder, boa						

pefore the issue can be moved forward, to avoid any confusion (mtg 15) snyder noted it will be 'blue grass' on the roof. Snyder still needs response on email sent to board that has a few questions. Board still to finalize (mtg 16) on going (mtg 17) (mtg 18)	
10.1 - Percon note shoring sub-trade has noted they will return sometime between aug-19 and aug-30 (mtg 10) trade has noted it will be week of sept-9 <sup>th</sup> hopefully (mtg 11) as discussed the trade has notified percon due to current commitments, they expect to be back on site between sept-30 to oct-4 (mtg 12+13) percon has been informed the trade should return on oct-7-19 (mtg 14) as discussed:  • trade is expected to return to site on the 17 <sup>th</sup> • trade is currently on a project, and needs to complete, before trade can apply for the Toronto permit to transport large equipment on the roads  • trade has noted this will be the 3rd time to mobilize on site, when the scope of work was to mobilize once  • issue surrounding the 68 davisville property have caused additional mobilizations  • approx. 1 month has been lost (mtg 15)  Shoring trade has mobilized today oct-24-19, and is in the process of drilling the piles (mtg 16) drilling work is completed.  • agging work in process (mtg 17) <b>test tie back work starting this week (mtg 18)</b>	noted
10.4 – percon has received the cost from Toronto hydro water for the street connection work as \$229,905.08. board and Snyder to review and issue appropriate ppwrk so that Toronto hydro water can get forces organized. Percon would like to perform the street connection work in September (mtg 10) on going with board (mtg 11) board noted they are in the process of getting the cheque prepared and then will issue to T.O water (mtg 12 + 13) board has issued the cheque. Percon has a co-ordination mtg scheduled with the T.O contractor on oct-4-19 (mtg 14) as per meeting to contractor noted they are in process of getting locates and is expected to start by nov-1st hopefully, percon to follow up with the trade (mtg 15) percon cannot get a response from the city's sub-trade. Percon to follow up with the city. Percon needs the work completed before the winter / frost (mtg 16) percon to follow up with city's sub-trade. Board notes to take photos, to monitor the work and maintain a record if neighbors complain (mtg 17)  ***As per discussion the sub-trade will be on site the 14th  **As discussed the city's trade is now on site. The city'strade has started with work along millwood road (mtg 18)	noted
11.01 – percon notes the forming contractor, and the shoring contractor have been affected by the 68 davisville issues, and related CD# 4 instruction. Both trades have gone as far as possible but had to demobilize from site (mtg 11) as discussed shoring trade is still demobilized. Forming trade has returned to form the suspended slab. Forming trade is quickly running out of work and may need to demobilize again, until shoring work is completed (mtg 12+13). As discussed,:  - forming trade did demobilize then returned, then had to demobilized again as work was available to him due to the easement issues - shoring trade expected to return oct-7-19 - shoring work is approx. 4wks +- from shoring re-start given tieback work, testing, etc, if no issues encountered after shoring completed excavation work can continue - after excavation work completed forming work can continue - site will be in winter conditions for forming and pouring the remaining foundation walls - site will experience additional winter protection costs, and costs to deal with snow, frost and slushy material (mtg 14) - As discussed, shoring trade expected on oct-17th - (mtg 15) shoring trade has re-mobilized today (oct-23-19) (mtg 16) drilling completed, lagging work in process (mtg 17) - (mtg 15) shoring trade has re-mobilized today (oct-23-19) (mtg 16) drilling completed, lagging work in process (mtg 17) - (mtg 15) shoring trade has re-mobilized today (oct-23-19) (mtg 16) drilling completed, lagging work in process (mtg 17)	noted
11.02 – percon note the skyline product for the roof railing system will not work with the project design, and has to be changed. Snyder note that there is a misc metal roof railing detail. Percon note they will further review but believe it is the same detail throughout (mtg 11) under review still (mtg 12 +13) (mtg 14) RFI# 84 issued (mtg 15) still being reviewed. Percon note specifications clearly note the roof railing system which was carried at time of bid. Snyder note there are clear misc metal roof railing details. Snyder to further review and provide direction (mtg 16) still in dispute, percon to respond formally (mtg 17) (mtg 18)	Percon
12.02 – as discussed in regard to RFI# 69 regarding embedded tactile plate in the parking lot sidewalk ramp. The answer was issued after the pour was completed. Snyder to review if plate is required, if required it will then have to be cut in or a	percon

allowing mud washing from the pathway into the parking garage, which is causing a major issue, which must be cleaned up	
17.04 – board and snyder to review and finalize the color schedule (mtg 17) on going (mtg 18)  17.05 – percon note the temp pathway created at the north end of the site, leading into the parking garage, is now	Board / snyde
10 changes with board for signing (mtg 18)	Poord / owide
11 changes with subs for pricing 9 changes under review	
As of these minutes:	
17.03 – percon needs the outstanding quotes resolved and co's issued. Some co's have been processed on site, several others remain. (mtg 17)	noted
17.02 – snyder and board to review changing lockets in storage closets to standard locksets in addition to teacher closet locksets (mtg 17) <b>board still reviewing options (mtg 18)</b>	Snyder / board
17.01 – percon note to date the roofing sub-trade has not been established. Percon note pollard roofing has submitted all shop dwgs to date but they are still not allowed to perform work on the site, due to board policies. Board has noted there have been internal changes, and the at the issue needs to be further discussed. <b>Board to review internally and get back to the team</b> (mtg 17) <b>on going (mtg 18)</b>	Board / snyder / percon
16.06 – board noted they want to review the approved millwork shop dwgs to check if there are any issues, to avoid past project issues. review to be done by the 25th (mtg 16) <b>board still reviewing</b> (mtg 17) (mtg 18)	board
16.01 – board noted they want the tectum panels in the gymnasium deleted modified, due to damage, based on previous projects. Snyder to review (mtg 16) snyder and board to further discuss (mtg 17) board and snyder noted there will be no changes, tectum will stay as per design (mtg 18)	noted
provide additional information on the history on why the topsoil pile was placed where it is (mtg 17) CO# 31 issued, awaiting board signature (mtg 18)  *** as per verbal discussion with board quote is approved, ppwrk to follow	
otherwise the topsoil pile would have been moved to the NW corner. Percon to speak to rockwell on quote o relocate the topsoil pile (mtg 15) (mtg 16)  *** quote submitted  As discussed the quote is in dispute. Percon notes project history dictated where the topsoil pile was placed. Percon to	
15.4 – as discussed, the topsoil pile needs to be relocated to allow the new site service line work to be installed at the NE corner of the site. As noted the top soil placement currently is due to budget demolition taking longer to complete the work, attention the topsoil pile would be a proved to the NW corner. Person to specify the resolved on releast the	Noted
coverage will still be okay, given the camber. Stephenson's noted to install walls then topping. Percon note if time and weather allow, they will pour the topping first as it provides a uniform finish, this was in agreement with all. Formal response to rfi still to be issued (mtg 15) as discussed when the slabs arrive shots will be taken of the camber to see how good / bad it is (mtg 16) (mtg 17) (mtg 18)	
15.2 – RFI# 79 regarding camber. As discussed camber as per rfi is approx 1.5 inch. Topping to be placed as per contract. It is accepted/known that the topping will be thinner at the apex of the camber and be thicker at the sides, but the	noted
12.03 – Snyder needs the board to confirm the location of the scoreboard (mtg 12+13) (mtg 14) (mtg 15) board notes the system will be wireless. The only item needed is a receptacle, which was provided under SI# 45. Board to provide info to snyder still (mtg 16) snyder and board to discuss the type of scoreboard today after the mtg. location of the scoreboard to also be confirmed. Instruction to be sent. As noted scoreboard cannot be located where there is soundblock. (mtg 17) snyder noted that the scoreboard can be mounted on the sound block. SI# 45r1 was issued (mtg 18)	noted
mtg 15) percon to provide info to snyder on surface applied tactile plates that is being used on current percon project (mtg 16) (mtg 17) (mtg 18)	
arage, then it would have to be surface mounted at this point (mtg 14) as discussed PC to be issued for the tactile plates	

17.07 – snyder noted HM frames not following detail as per 6mm masonry wall projection as per detail 8 on A616. All future HM installs must adhere to the detail. Percon to speak to the mason (mtg 17) masonry trade is aware, they will correct. Mason notes 150mm (6 inch) walls maybe an issue. Snyder notes enough of an offset is needed so that it is not flush, to allow a caulk joint (mtg 18)	JVH, noted
NEW MEETING ITEMS	ACTION BY
18.1 - 68 davisville owner got their own surveyor to perform a check / review, due to the concerns that the shoring tie-backs will go through / damage the footing and/or foundation wall. Report from owner is supposed to be this week. board to follow up. As discussed a confirmation of foundation depth hole, may have to be dug also, but board to notify if needed (mtg 18)	board
18.2 – as per snyder email doors #124 and #130 are on hold due to elevator shaft size change under SI# 5. Snyder to further review and provide instruction (mtg 18)	snyder
18.3 – as per email and discussion. Floor gym floor sockets are to accommodate the post size for school board equipment. Board noted that gym equipment posts are 1-7/8 inch. This will apply for volleyball and badminton sport posts (mtg 18)	Forum, board snyder, noted
18.4 – board noted any previous badminton and volleyball sport posts have been removed and sent away, and are not expected to return. As discussed the specifications do not ask for new volleyball and badminton sport posts, therefore new posts would need to be supplied by the board, through or outside of the contract (mtg 18)	Board, snyder
18.5 – as discussed gameline dwg and dimensions to be re-confirmed between the board and snyder to make sure they meet regulation sizes (mtg 18)	Board, snyder
18.6 – board notes they would like all doors to be the same consistent material, not switching from wood, to metal or aluminum. Issue generated from previous project and operation facility people comments. Snyder to rereview for any inconsistences, and discuss with board (mtg 18)	Snyder, board
18.7 – percon to update the project schedule (mtg 18)	percon

NEXT MEETING: Wednesday December 05, 2019 @ 1:00 p.m. – in percon site trailer DISTRIBUTION: All present + all in action column

The preceding is assumed to be a complete and correct account of the items discussed, directions given and conclusions drawn, unless this office is notified in writing to the contrary prior to next site meeting or within 5 business days.
