

Severe Weather— Work With Your School For Student Safety

Occasionally, severe weather conditions may require the Toronto District School Board to cancel transportation and close schools. This may occur before the beginning of the school day or, if conditions become severe, during the school day. To ensure the safety and welfare of students and staff during school hours, the Board *Severe Weather Procedures* will guide decisions and operations.

The safety and welfare of students is a shared responsibility. It is important for everyone to understand how the Board operates under unusual weather conditions. Parents and guardians should familiarize themselves with the procedures and communication plan to ensure the safety of their children.

Keep Your Child Safe

In the event of severe or rapidly deteriorating weather conditions, please keep children at home if possible.

Decision to Close Schools
