

Eastdale CI – Learning for Life

Open House for Parents of Gr. 8 Students

Thursday November 22, 2018, 6:00 p.m.

Join us to find out what a **small and caring** school environment can offer students

- Locally Developed & Applied level courses to best meet students' abilities
- A strong focus on experiential learning opportunities for all students in classes such as Cosmetology, Hospitality, Communications Technology and Bicycle Maintenance & Repair, and through a full range of co-operative learning opportunities
- An exciting and innovative RoofTop Garden partnership with FoodShare as well as co-curricular partnerships with Peacebuilders International, New Leaf Yoga, Pathways to Education and other agencies
- Excellent academic supports for students with Learning Disabilities as well as comprehensive academic and life skills programming and supports for students with an MID exceptionality
- A focus on the development of social & employability skills in the classroom and through clubs, sports teams and other extra-curriculars!
