

Crosstown LRT Project – Update, November 22, 2019

Concrete Pour at Mount Pleasant Station

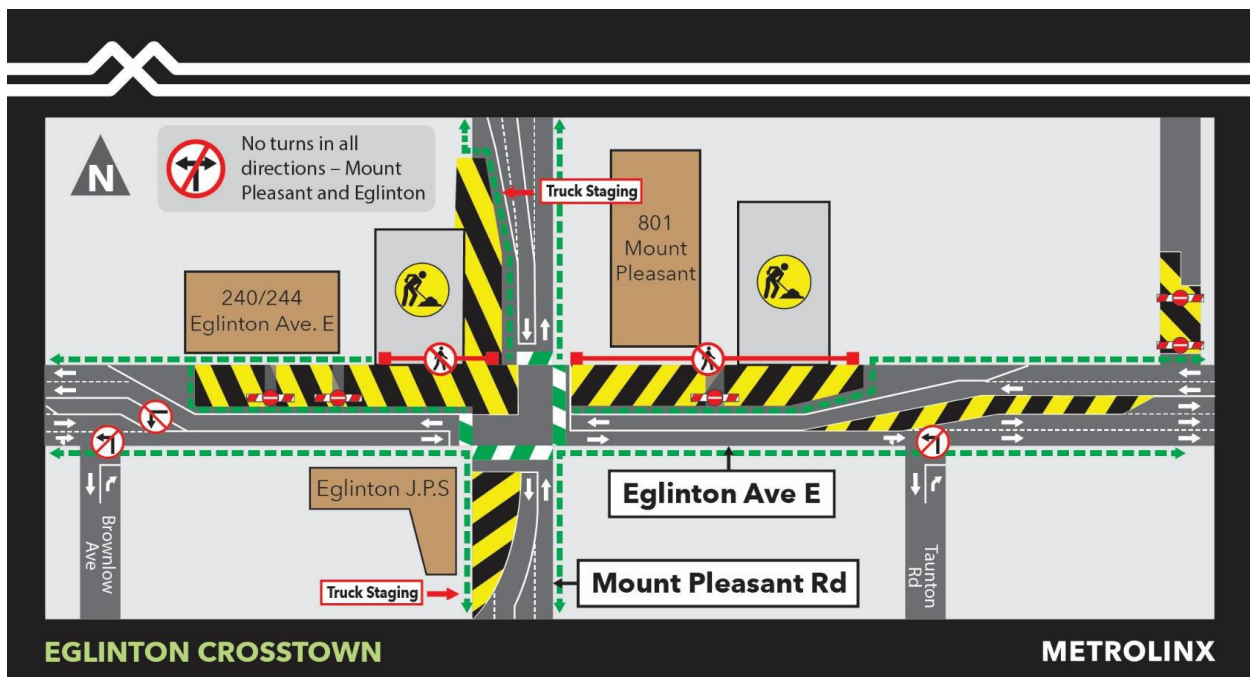

As early as Wednesday, November 27, 2019, crews will perform a concrete pour in the northwest work zone at Mount Pleasant Road and Eglinton Avenue East. The concrete will form part of the roof of Mount Pleasant Station.

The work will start as early as 4 a.m. and take approximately 14 hours to complete.

A paid-duty officer will be present while this work takes place.

Noise, lighting and traffic delays are expected.

Construction Configuration
