

Crosstown LRT Project – Update, March 1, 2019

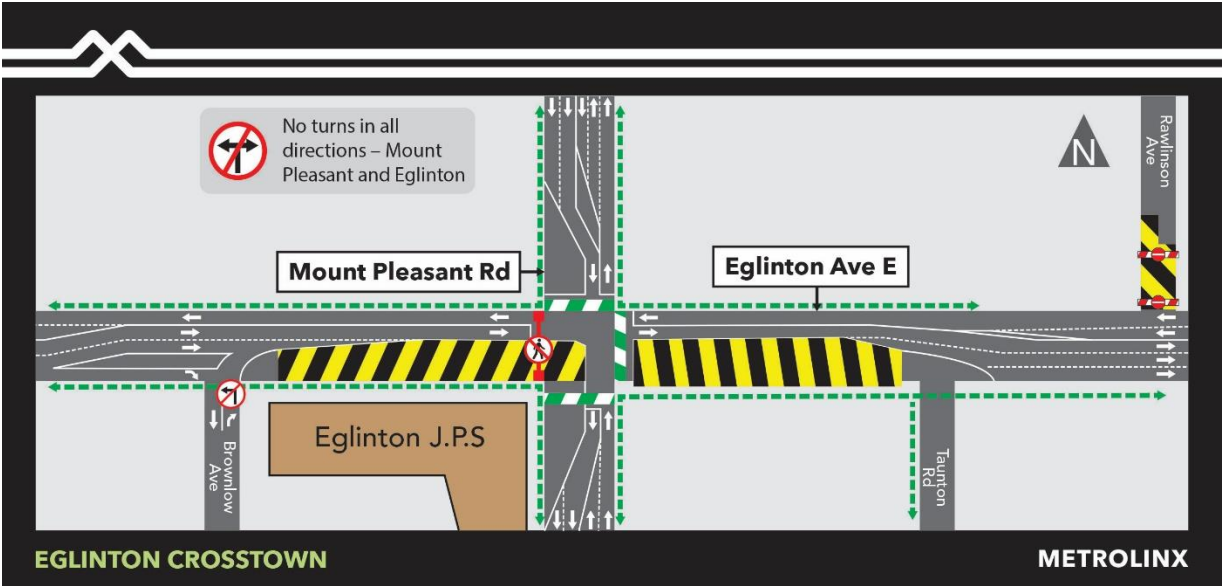

WHAT TO EXPECT NEXT WEEK

- Shallow excavation and installation of wooden lagging around the excavated area will continue.
- Parts of a temporary traffic bridge will be shifted to the southeast work zone.
- Once the bridge is assembled, it will be lifted into place and traffic on Mt Pleasant Rd will be shifted east onto the bridge.
- These activities are expected to take place between 7 a.m. and 11 p.m. Monday through Sunday, and generate some noise.
