

# THE EGLINTON CROSTOWN LIGHT RAIL TRANSIT PROJECT

## Construction Update

INFORMATION AS OF NOVEMBER 29, 2019

### What is the Crosstown?

Metrolinx is building the Eglinton Crosstown, Toronto's new 19 km light rail transit (LRT) line that will run along Eglinton Avenue with a central 10 km underground section. The Crosstown will connect Mount Dennis in the west to Kennedy Road in the east, with new service up to 60% faster than bus service today. With 25 stations and stops, and connections to three TTC subway stations, 54 local bus routes, three GO Transit lines and the UP Express, the Crosstown will improve travel times and change the way we move through the heart of the city.

### Upcoming Utility Work at Mount Pleasant Station

#### Monday December 2, 2019

### What Work is Taking Place?

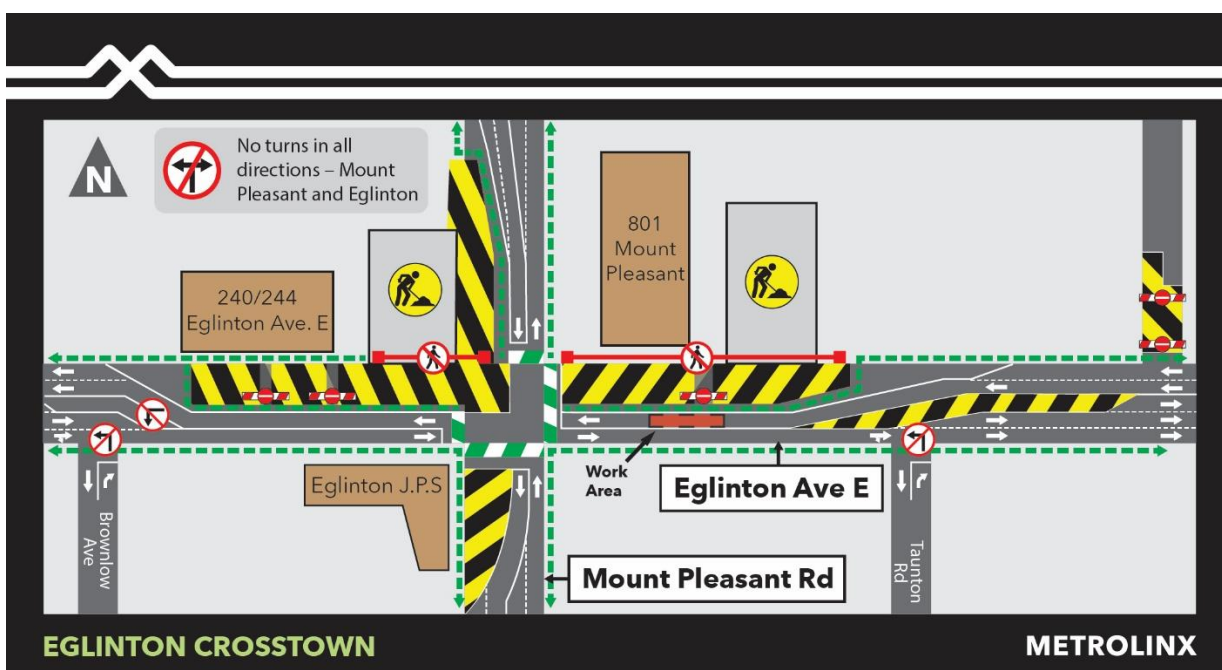

On Monday, December 2, 2019, crews will work to complete ongoing utility work between Mount Pleasant and Taunton Roads. Work will take place within the work zones, however some work in live traffic is required.

This work requires intermittent lane closures. **Eglinton Avenue E will be reduced to one lane only, alternating traffic in each direction, while this work takes place. Work will begin as early as 9:30 a.m. and take approximately five (5) hours to complete.** Traffic control personnel and/or a paid duty officer will be present while this work takes place. Crews will endeavour to minimize disruption as much as possible.

### Hours of Work

- Monday, December 2, 2019 from 9:30 a.m. - 2:30 p.m.
- Work may be delayed or rescheduled due to inclement weather or unforeseen circumstances.

### Construction Configuration

## What to Expect

- Expect delays while travelling through the intersection.

## Traffic and Pedestrian Impacts

- The westbound lane on Eglinton Avenue East will be closed intermittently from 9:30 a.m. – 2:30 p.m.
- Traffic control personnel and/or a paid duty officer will be present while this work takes place.
- All pedestrian routes will remain the same.

## Transit Information

- Access to TTC will be maintained at all times.

## Travelling Smart During Construction

Travel delays are expected with Crosstown construction. Please allow extra time for your journey. Traffic will be extra heavy at peak periods during Crosstown construction. **When possible, please travel during the off-peak period between 10:00 a.m. and 3:00 p.m.**

## Stay Informed

Sign up for email updates at [www.thecrosstown.ca/sign-up](http://www.thecrosstown.ca/sign-up) or download the aCrosstown traffic app to get real-time traffic and transit information for the Eglinton Corridor.
