

# Clear Vision Consulting

60 Blue Forest Drive, Toronto, Ontario M3H 4W5  
Tel: 416-395-5110

Dear Madam or Sir:

We would like to thank you and your organization for taking the time to attend this conference. Clear Vision Consulting has gone to great lengths to provide a safe environment for all members to speak openly about the issue of beavers in the West Branch of the Don River.

Clear Vision Consulting is impartial on this issue and has no stake in the outcome of this meeting. Our role is to allow all participants a chance to visually see the impact which the beaver has had on the local environment and hear from members of our community on issues related to its impact. We will make certain that every opportunity is available to gather data, speak with other participants and share your perspectives with the Sub-committee, City of Toronto Town Council.

Attached to this letter, you will find the RSVP form. It allows you to record the names of each participant beside their role in the consultation process. Please ensure it is completed as accurately as possible to ensure that seating and refreshments are available for all.

Please do not hesitate to contact us if you require any further information. Thank you in advance.

Sincerely,

*Clear Vision Consulting*

Dear Madam or Sir:

We would like to thank you and your organization for taking the time to attend this conference. Without your participation the decision of whether or not to remove the beaver from the Don River would have been even more difficult. I hope that you found the environment of the conference to be one of inclusiveness and equality where your membership had the ability to speak openly about this topic.

During the conference every effort was made to ensure that all parties were given sufficient time in order to gather the data required. We hope that the information collected will provide valuable insight into the decision which is made. It is important that all voices have been represented and considered in this process.

Please take some time to record your thoughts on the conference, including supplies provided. All information will be kept in strict confidence and used to provide even a greater experience should the need arise to use Clear Vision Consulting again in the future.

Thank you in Advance,

*Clear Vision Consulting*
