FROM THE OFFICE	

It is hard to believe that the March break is just days away! In the last two weeks, our English, French and Math teachers have been busy outside of the classroom as they have been involved in Professional Learning Communities (PLCs) to continue to develop units that foster critical thinking skills for our students.

- The English classes are focusing on various social justice issues as students work at creating a short film using the iPads. We are also tying this pathway into the TIFF films we will be seeing in April. Students will be doing a writing activity relating to the challenges faced by the protagonist.
- The French teachers are in the planning stage of developing an inquiry that possibly will relate to French culture in the world.
- On Monday, March 6th, we had the pleasure of welcoming Trevor Brown to our school who worked with our math teachers during a professional learning session. Trevor Brown is well known in the math community for creating rich tasks for our students using a problem solving model. The purpose of teaching math in this format is to create an engaging learning

environment that teaches the students to think conceptually rather than instrumentally. Our staff will begin incorporating these types of questions and teaching strategies into their classes so that our students can benefit from this type of learning. In the spring we are going to invite Trevor Brown to Glenview to do a parent evening session. Please click on the links below for more information for parents, as well as questions you can practise yourself (hold down the Ctrl key and click)!

Staffing

On Tuesday, March 21st, we will be receiving our staffing allocation for the 2017-18 school year. Shortly after this, we will begin working with the Staffing Committee to develop a staffing model that will meet the needs of Glenview. Once the model is approved by our superintendent, we will begin to assign teachers to a specific position. The whole process will continue until the end of May and it is our goal to inform the parents by the end of June of teachers' assignments for next year. In the late spring, we will begin meeting with our Grade 7 teachers to determine class placement for our students going into Grade 8 next year. Many factors will determine class placements such as balancing our classes based on gender, music programs (e.g., band, strings, and general music), balancing boys/girls and dynamics of students. As you can imagine, this is a very important process that takes a lot of time, and consideration and it is done in consultation with teachers. As for the incoming Grade 6 students, we will be meeting with the Grade 6 teachers from the many feeder schools coming to Glenview to gather information that will allow for a smooth transition.

We would like to congratulate our Boys' Hockey team for winning the City Finals today against Hollycrest. We were fortunate to bring 225 students to cheer on our team and to show amazing school spirit! In addition, we would like to congratulate the Grade 8 Girls' Volleyball team who placed second in the City finals. An article will be included in the next edition of Parentview for both teams.

On Sunday, March 12th, Daylight Saving Time begins. Please remember to move your clock forward an hour and enjoy the extra sunlight!

We would like to take this opportunity to wish all of our families a restful and safe March Break. We look forward to seeing our students back at Glenview on Monday, March 20th. If you are taking an extended break, please call the attendance line at 416-393-0330 to report your child's absence.

NEWS AND CUES FROM GUIDANCE

Congratulations to all of our grade 8 students on completing secondary course registrations, both on paper and digitally! Now you are truly on your way to high school. Next steps? Secondary schools will send course verification forms to us in the coming months which will be an opportunity to confirm selected courses. No course changes until that date. Many of the schools will also be extending invitations for Welcome Receptions, and Moving on Up Days that generally take place in late August.

Where are our Grade 8 graduating students going?

To

- ✓ Lawrence Park Collegiate
- ✓ Northern Secondary
- ✓ North Toronto Collegiate
- ✓ Forest Hill Collegiate
- ✓ John Polanyi Collegiate (SMR Programme)
- ✓ William Lyon Mackenzie Collegiate (MaCS Programme)
- ✓ Earl Haig Secondary (Claude Watson Programme)
- ✓ Private School, Catholic School, leaving Toronto
- ✓ French Board of Education

The student council was very proud to send a cheque to CANFAR for \$140 for monies raised during Valentine season. Although these messages are still posted, they are on their way down very shortly. Lots of positive words shared through the valentines!!

Next term we are preparing to welcome our grade 6 students through tours of the school. I continue to be astonished at both the number of students that move through our halls every day, and the speed at which the two years of grade 7 and 8 fly by. I am sure that parents share this sentiment.

I read with interest the article that I have linked below. A lot to think about.

BLUE JAYS – GLENVIEW'S CHOIR SINGS ON MAY 9TH

After many dedicated practices with Mr. So and Mrs. Percy-Robb, the Glenview Choir has been invited to perform both the Canadian and American anthems at the Tuesday, May 9th 2017 game when the dynamic Toronto Blue Jays face the Cleveland Indians. Choir members are congratulated for their beautiful voices and being chosen amongst the many choirs who have competed for this honour. This will be a memorable evening for the Glenview Choir and an exciting opportunity for our Glenview families to share a great baseball night out. Thank you to all choir members for what will be an unforgettable evening with the Blue Jays!

SKYZONE

We had a blast at Sky Zone Indoor Trampoline Park after school on Monday, February 27. Glenview had the entire facility to ourselves, the kids jumped and jumped and we made a bit of money for our school while everyone had big FUN! Many thanks to Parent Volunteers Karen Gilman, Grant Parker, John Powrie, Marcela Lopes and Sonya Davidson. A special thank you to Sue Fisher who spearheaded this fundraiser and who spent hours organizing this amazing event for our students!

ACTIVITY DAY

On Thursday, February 23rd, Glenview students participated in one of three activities: Skiing at Mount St-Louis Moonstone, Rock Climbing and Curling. We also had a group of students attend school to participate in planned activities with the staff staying behind. We would like to take this opportunity to thank our many parent volunteers who came out to help at Ski Day as we had over 400 students participating. Please read the sections below about the three outings that took place.

MOUNT ST-LOUIS MOONSTONE

When we arrived, the first thing we did was get to the change room to get our gear on! I ran straight to my skies, got my sticker and headed for the hills. Once I got ready, I waited for my friends so we could go down the hills together. We spent our day as a squad of 7 people. We all went down the slopes together and had a great time. After a while we broke up into different groups and started going down a bunch of different hills that were more suited for our level. The hills we stuck to were generally black diamonds, which we really enjoyed. We also went over to Moonstone but left pretty quickly because the condition of the hills were pretty bad, so we headed

back over to Mount St Louis. When we got back to Mount St Louis we went down hills for another hour. I really saw improvement in my friends and I think they felt more confident going down the tougher hills as we continued through the day. We stopped quickly for lunch so we could get back out on the hills as quickly as possible. We went down the same hills for the rest of the afternoon. We decided not to go to the trick park as we were not that advanced, but it did look like a lot of fun. Soon it was time to leave and head back home. We all took our ski gear off and packed up our equipment and loaded onto the bus back to Toronto.

By: Brandon H.

"Wow", I gasped. There by the horizon was Mount St Louis, standing proudly and majestically, snow glinting under the bright sunlight. I couldn't wait until I got to go on the trails and ski. This is my third time skiing, but my first ski trip in my life, and I was definitely looking forward to it. Skiing with your family is fun, but skiing with your whole class is even better!

Phew! We finally got off the musty, hot bus! I embraced the cool wind blowing against me and took a deep refreshing breath. I met up with my friends and we hurried towards the rentals, as there was already a long line forming. Not wanting to miss a moment of skiing, we ran swiftly towards it and fell into line. After we got our ski boots, we went to put our bags in the lunchroom. When we got back down, the line was as long as the Amazon River. We immediately ran towards the end of the line, but it was too late. Students were already pooling in front of the rental doors. "Argh, we have to line up all over again!" I exclaimed! We walked to the back of the line and waited again. After an hour, we finally were able to get all our equipment but then we had another delay: we had to do a test to determine our skiing ability.

I looked down on the curving track. Calm down, I said to myself, it's going to be okay. The instructor signalled me to come down. Okay, here we go. I took a deep breath and went down the test track. Nice and easy, being in control is the key. I perfected each single curve. I went over to the instructor confidently, knowing I would get a red sticker, which means that I could go on any of the difficult trails. "A blue sticker for you," the instructor said in a calm voice. Wait, what? I got a blue sticker while all my other friends got a red? I couldn't believe my ears! Well, I thought glumly, at least I could go on some harder blues. That thought cheered me up a bit. I headed off to one of the ski lifts that brought me to the blues, Thunderball, Timberline and Snowbowl.

While on the ski trip, we had some interesting but alarming events. I'll tell you the most frightening one. My friend and I were skiing down Snowbowl, when a girl stopped in the middle of the trail sideways. My friend couldn't slow himself down, and he went skiing right on the tip of the girl's skis where it was curved, and he went flying down the trail. Fortunately, neither my friend nor the girl were hurt too badly, but it was a hair-raising experience.

The clock struck 15:00, and we had to return our rentals. By 15:30, we were heading off back to Toronto already, the excitement from the day fading like the sun setting towards the west.

I had a lot of fun that day. We got to see how good our friends are at skiing, and there were only two schools occupying the ski trails, so it was not too crowded. Even the weather was decent, as it was very warm. The only downside to this trip was the ice and the slushy snow. Overall, I loved this ski trip as we got the opportunity to interact with our friends and be physically active!

ROCK CLIMBING – REACHING FOR THE TOP

On Thursday, February 23rd, we had winter activities day and one of the new activities offered this year was Indoor Rock Climbing. Mr. So took 50 Grade 8 and 7 students to True North Climbing at Downsview Park. We left at 8:15 and arrived at our destination after a 30 minute bus ride. When we got to True North Climbing, we were welcomed by different instructors. We were told to put all of our bags and coats in the change rooms and then join them on the mats. Students formed groups of eights for our one hour safety and training lesson. Each of our groups had one instructor who taught us how to tie a double figure eight knot and a stopper knot. Then, we practised how to belay each other. After that, we practised on one wall with our instructor watching before we could go freely to different problems. In the morning, we spent the time climbing walls of different shapes and difficulty. At 10:30, we took a break, during which we were able to purchase and enjoy all sorts of different snacks such as ice cream. After climbing and belaying each other, we had lunch at 12:00. We quickly finished our lunches and took only a short break because everyone wanted to continue climbing and to everyone's delight, the instructors even cut short their lunch break to supervise us! After lunch, we had a mini-competition between all of the groups. We had to race another group in a speed climb competition and everyone was very excited about trying to beat the opposing team. The other activities involved us completing a physically demanding obstacle course where at one point, we had to walk the slackline; it was very challenging but we had lots of fun! Finally, after rotating through all our activities, we watched Tess G. and Maya J. demonstrate some lead-climbing, a form of climbing that requires the climber to clip in at different stages of their climb up the wall. They were pretty impressive and when we watched them perform "the big fall", everyone let out a shocked ah! Overall, we all had so much fun and hope that Glenview can continue this activity next year. We also wanted to thank Mr. So for taking the time to organize this trip and Mr. Warren, Ms. Simonton and Mr. So for supervise us throughout this day.

CURLING

On February 23, 2017 I was a part of our school's Curling trip. Curling is a very interesting sport. When you first begin, it is somewhat difficult to understand, but once you start to play, you will most likely find it easier. On our trip we learned about the different positions on a curling team, different techniques to play more effectively and how to easily watch and understand a game. Before officially starting our game, we did a few drills to practise our sweeping, throwing and aiming the stone. In the end, curling is a very difficult sport to play but it is also very fun to learn about it!

YOUNG WOMEN ON THE MOVE CONFERENCE

We were so delighted to attend the "Young Women on the Move Conference", to celebrate International Women's day. We were the four girls who were given the exceptional opportunity to go to this awesome event which was held at Parkview Manor. The exciting day started off with a yummy breakfast of sweet fruit and fresh pastries. Next, an inspiring woman, Elizabeth Correia, shared her challenging life story. Growing up, she was abused, emotionally damaged, broken inside, and even became pregnant at 16. She had to overcome many difficult obstacles in order to become the marvelous, courageous, and incredible woman she is today. Elizabeth taught us to keep moving forward and encouraged us to strive to be the best version of ourselves. We also had the pleasure of listening to Shelly-Ann Brown, a bobsledding Olympic silver medalist tell us her extremely motivating story of how she became such a strong athlete and woman. She was the first Canadian black woman to win an Olympic medal. Everyone (especially us) loved her and her speech! We also got to take part in a few activities including creating a vision board of our hopes and dreams, and setting goals for our future. Overall, it was a successful, educational, and enlightening day. To all the women out there, remember that we are all equal, and we can do anything that we set our mind to do.

GRADE 7 GIRLS VOLLEYBALL

Although the Grade 7 Girls volleyball team did not have a very successful season, we have all had a wonderful experience, we learned from our mistakes, and have made 12 new friendships. We were all very dedicated to the team and practised every Monday, Wednesday and Friday after school from 3:15 to 4:30 with our two wonderful coaches, Mr. Rodier and Mrs. Spring. Starting out the season, we did not look like a very experienced group of girls. However, every practice seemed better than the last and by the end of our season, we really started to play well together and it really looked like we knew what we were doing! We started to really understand the game of volleyball better and our team really started to gel together. Although it doesn't sound very impressive, out of all of the sets that we lost, we only lost by two points and I think that our nerves took over. So, although we didn't win the tournament, we made new friends, improved our game and are looking forward to next year's tryouts!

BOYS BASKETBALL

This year the Boys' basketball season was full of ups and downs. Our season started with us winning our first three games here at Glenview. We then went on the road winning our next three games at Lawrence Heights and Ledbury. We were all pumped to go to the playoffs at John Polyani CI to try to win the Conference Finals. We played a very tough team that we had never played before and had a very good team offensively. It was mostly a one sided game until the last quarter where Jacob A., Owen A., Nolan G., Ernest L., Josh W. and Ellis W. did not let the other team score with a lot of steals and forced turnovers. There was 30 seconds left in the game and we were losing by 2 when Nolan had a monster block giving us a chance to win. Unfortunately, we couldn't make a 3 pointer to win the game in the dying seconds after going on an 11 point run. Despite the tough loss, the season was very successful and the players would like to thank our coaches for their dedication this year.

SPECIAL EDUCATION ADVISORY COMMITTEE SURVEY (SEAC)

Please take a few minutes to complete a survey for parents and guardians of students with special education needs, who are now attending TDSB or who have attended TDSB in the past. We want to hear about your experiences and ideas as we make recommendations to TDSB trustees and staff on how to improve the education it provides to students with special education needs. Your views matter. Click here to [complete the survey](#). (Hold down the Ctrl button and click on the link)

GET CONNECTED – INFORMATION FROM PARENT COUNCIL

1. Volunteers Required To Ensure Safe Arrival Of Our Students:

The Safe and Caring Committee has identified a need to make safe arrival at Glenview a priority. Last month, a student at one of our neighbouring schools was hit by a vehicle that was picking up a child for lunch. Glenview's driveway poses a major safety risk to our students. We are looking for volunteers to help keep the driveway clear of vehicles and ensuring students are dropped on the school side of the street. If you are able to donate 30 minutes of your time, 8:30-9:00 a.m. on a Monday or Tuesday morning, please sign up here: <http://www.signupgenius.com/go/10c0e4ea5ab2da1f94-parent>

2. Excellence Awards- Nominations due March 21, 2017, 4:00 p.m.

Excellence awards is our opportunity to honour and celebrate outstanding TDSB individuals and programs. To nominate a staff member or team, follow this link:

www.tdsb.on.ca/excellence . Winners will be celebrated at an awards ceremony in May.

3. Pro Grant, 21st Century Learning Workshop, April 11, 6:00-9:00 p.m. at John Polyani

Glenview is looking for parent volunteers who would like be a part of Glenview's team showcasing 21st century learning. If you are interested please contact Mario Sirois.

Dear Parents and Guardians:

This year's talented Glenview Choir has been invited to perform at the Tuesday, May 9th Blue Jays game. All Glenview families are invited to buy tickets and come out to support the school choir and have a wonderful family night.

The special group rate offer is \$41 per ticket. There must be a minimum of two tickets per family as one ticket will be for the student and the second for the adult chaperone who will be responsible for the supervision of his/her child at the game. Families can order a maximum of four tickets. Please note that Glenview students are responsible for independently traveling with an adult chaperone to and from the Rogers Centre venue.

It is imperative that the tear-off ticket order form is accompanied with a cheque no later than Thursday, March 9, 2017 as we have a deadline with the Blue Jays to submit final numbers.

There is a limited supply of tickets available; a lottery will be implemented if there are a high number of ticket requests.

Game Date: Tuesday, May 9, 2017
Rogers Centre – 1 Blue Jays Way
Toronto Blue Jays vs. Cleveland Indians @ 7:07 p.m.

We are looking forward to a fabulous evening.
