IMPORTANT DATES	STAY IN TOUCH
May 22 Victoria Day	Contact the school about absences: 416-393-0330 Option "1"
May 23-30 Dental Screening	
May 24 Spring Concert at Lawrence Pk. C.I., 6:30 pm	Contact Principal: Mario Sirois
May 27 First Day of Ramadan	E-mail: <a href="mailto:mario.sirois@tdsb.on.ca">mario.sirois@tdsb.on.ca</a>
June 6 Parent Volunteer breakfast (8:00 am)	Phone: 416-393-9390
June 9 P.A. Day (no classes for students)	
June 11 -16 Trips Week for grade 8	Contact Vice-Principal: Marlene Calligan
June 21 National Aboriginal Day/Summer Solstice	E-mail: <a href="mailto:marlene.calligan@tdsb.on.ca">marlene.calligan@tdsb.on.ca</a>
June 23 Extended Lunch for students and staff (11:30 am – 1:00 pm)	Phone: 416-393-9390
June 26 Eid-al-Fitr	
June 27 Grade 8 Graduation, 5 pm @ Montecassino	Contact Superintendent: Vicky Branco
June 28 Report cards go home	E-mail: <a href="mailto:vicky.branco@tdsb.on.ca">vicky.branco@tdsb.on.ca</a>
June 29 Last day of school for students	
June 30 PA day (no classes)	Contact Trustee: Jennifer Arp
July 1 Canada Day – Happy 150 Birthday!	E-mail <a href="mailto:jennifer.arp@tdsb.on.ca">jennifer.arp@tdsb.on.ca</a>
July 3 Glenview's office closed	
July 7 Last day school office is open	

### FROM THE OFFICE

We are always amazed at how many things Glenview is involved with when we sit down to write each newsletter. The hallways of our school are busy from 7:15 in the morning to 5:00 pm as students are dropped off to participate in various sports/clubs or they are coming in to receive extra help from one of their teachers.

Lates - We are noticing an increase in the number of late students in the morning. Please encourage your child to develop a morning routine that will give them enough time to eat a healthy breakfast, have their bag packed for school and enough travel time. It is imperative that students are present to hear important morning announcements and to receive instructions from the beginning of each period.

Ms. Calligan's Weekly Math Problem – Just this past week, Ms. Calligan posted a math problem on Monday to challenge our Grade 7 and 8 students to solve. They have a week to solve the problem

in order to enter into a draw on Friday's for a reward. I encourage you to work with your child at solving these problems as Ms. Calligan will provide feedback on each solution handed in. Good luck Glenview!

Staffing Update - We are in the final phase of putting together our staffing model for September 2017. We still need to hire a few teachers. Glenview will continue to deliver strong programs where teachers will be specialists in their subject area. We will continue to be working on a 10-day cycle for our timetable. Our teaching staff will continue to have opportunities to work with colleagues to develop programs to meet the different needs of our students.

Grade 8 Classes September 2017 – As we mentioned in a previous newsletter, we will be having conversations with our teaching staff in June for Grade 8 class placements for our current Grade 7 students. Our Grade 7 teachers this year will be the ones deciding the classes for Grade 8s. We will continue to have five English classes, three Extended French and six French Immersion in Grade 8. We will do our best to balance the classes on male/female ratio as well as respecting the music options of our students and to ensure there is a wide range of ability in each class. Students moving forward to Grade 8 will be placed in classes where they will know someone from this year but again, placement will be decided by Grade 7 teachers as they know the students best after working with them for a year.

Sports – We currently have a number of students involved in sports right. They are participating in Soccer, Ultimate Frisbee and Track and Field. Included in this edition of Parentview are articles on Co-Ed Volleyball and Badminton.

Dress Code – Now that the warm weather is upon us, this is a good time to review Glenview's Dress Code (page 10 in the agenda and attached to the bottom of the newsletter). We would appreciate our families taking some time to review this page and to work with us to ensure that our students arrive dressed appropriately for school.

Blue Jays - On Tuesday, May 9<sup>th</sup>, over 300 students, staff and Glenview families attended the Blue Jay game against Cleveland. The Glenview choir auditioned to sing the American and Canadian anthem. What an amazing opportunity for our students! We would like to say a special thank you to Mr. So for conducting the choir, Ms. Percy-Robb for playing the piano when submitting the audition tape and Ms. Chiu who worked behind the scenes with the Blue Jays to select a date and organizing all the tickets!

Turning Points Essay - We would like to take this opportunity to acknowledge Parker O. who received an honourable mention for his Turning Point essay as part of our English pathway.

Parent Council - On Tuesday, May 16<sup>th</sup>, we had a great turnout to our last Parent Council meeting of this school year. We invited our feeder school parents to come out to hear what Glenview is all about and to ask those burning questions about our vision and what we do to support our students. We look forward to our continued work with our current students and to welcome our new Grade 6s who are coming in September 2017. We would like to thank Robin Concliffe for being our School Chair as well as Sanja Baca and Ian Aukeman for being the Co-Treasurers and Keri Dang for being the Secretary. We are looking forward to working with the Council again next year. The first council meeting will be held on Tuesday, September 19, 2017

Grade 8 Graduation Trips - The Grade 8 Graduation trips are in their final planning stages and the students and staff could not be more excited. This is just a reminder that students participating in the New Brunswick trip will be away from June 11-16<sup>th</sup> while the trips to Quebec City and Montreal will be away from June 12-16<sup>th</sup>. In order to keep to the itineraries created by Explorica, it is imperative that students are on-time the day we leave. Here are the bus departure times:

New Brunswick	Sunday, June 11 <sup>th</sup>	Arrive by 5:15 am	Bus departs at 5:30 am
Quebec City	Monday, June 12 <sup>th</sup>	Arrive by 7:15 am	Bus departs at 7:30 am
Montreal	Monday, June 12 <sup>th</sup>	Arrive by 7:30 am	Bus departs at 7:45 am

Volunteer Breakfast - On Tuesday, June 6<sup>th</sup>, we are inviting all of our parent volunteers to join us for our Volunteer Thank You Breakfast in the gymnasium at 8:00 a.m. If you have volunteered this year by helping out in any way, please be sure to attend. A continental breakfast will be served.

Cafeteria Servery - This is just a reminder that the last day the servery will be open is Thursday, June 8<sup>th</sup>. After this day, students will need a packed lunch until the end of the year or a note (no phone calls or emails) to leave the school premises for lunch.

Extended Lunch - On Friday, June 23<sup>rd</sup>, we will be having an extended lunch for students and staff from 11:30-1:00 p.m. Parent Council will be organizing a luncheon for the staff where they ask families to contribute to the lunch. If you are interested in donating a food item or volunteering your time, please click on the link below by holding down the Ctrl button and clicking on the link.

#### RED MAPLE TRAILERS

Over the winter our Grade 8 students used Alice, an innovative 3D programming environment developed by Carnegie Mellon University to learn the basics of object oriented programming and to produce animated trailers for their favorite Red Maple novel. The activity was an engaging STEAM based, trans-disciplinary project. Please follow the link to view samples of the animations showcased at <https://goo.gl/JNRDXo>. (Hold down the Ctrl key and click on the link)

#### RED MAPLE CEREMONY

On Tuesday, May 16<sup>th</sup>, a group of Grade 7 and 8 students from Glenview went to the Harbourfront Festival of Trees. Glenview was particularly interested in the Red Maple program but it was interesting to see so many schools who were participating in other reading programs such as Blue Spruce and White Oak. The workshops started at 10:00 am and we travelled by TTC all the way to Harbourfront. We made it just in time for the start of the workshops. The most popular workshop choice for Glenview was Caroline Pignat, the author of Shooter and Kelly Armstrong, the author of The Unquiet Past. This was not a surprise since Shooter was voted first choice at Glenview. At the workshop sessions, the authors spoke about their writing process and the highlights of being an author. Time passed slowly until the Red Maple Award Ceremony started.

The award ceremony took place at the Westjet stage beside Lake Ontario. Luckily, it had a roof to shelter the enthusiastic readers when it was raining hard. It was packed full of students and teachers that all looked very excited about the program and eager to hear the announcement of

the winners. There were students from different schools introducing the authors with amazing speeches and the emcee of the show was very funny and energetic. We did a dance warm-up with an energetic lady before the kids started to introduce the authors. The three finalists were: Trouble is a friend of Mine by Stephanie Tromly, Minors by Kevin Sylvester, and Shooter by Caroline Pignat. The crowd was ecstatic when Shooter was announced as the Red Maple 2017 Winner and Caroline Pignat was very content. After that, we hurried off to request book signatures from the authors and we ate our lunch. The day was very enjoyable, fun, and we can't wait to go back next year!

By: Kal K. and Lucy C.

#### TDSB ALL-CITY

In January, 13 Glenview band and strings students tried out for the all city band, strings ensemble and symphony orchestra. We auditioned alongside other TDSB music students to a panel of three judges. After anxiously waiting our results, we received them in March. Then, we received our practice schedule. For the month of April, we had one weekday rehearsal from 1:15-3:15 (which were great and lots of fun) and on Saturday from 9:00-12:00. The Saturdays were very tiring because we were playing for almost three straight hours, but it was worth it. As time flew by, the week leading up to the concert snuck upon us like our Torontonians summer. The day before the concert, we headed to Massey Hall for the dress rehearsal. After getting lost a few times and reuniting with other players along the way, we finally found Massey Hall. It was awesome to walk through the stage door thinking about how many politicians, actors and performers had walked through that same door just like us. Finally, we returned one day later to perform for our parents. Appearing on the stage at Massey Hall with the spotlight shining on us, all the work we had put in our music showed. It was a magical moment and one of the most memorable of this school year so far.

By: Adele L.

Congratulations to Micol A., Duru A., Miranda C., Oscar F., Sophie H., Simon H., Anna J., Gabrielle J., Isabelle L., Adele L., Elizabeth L., Hannah Z.-R. and Edward Z. for participating in this year's All City TDSB Orchestra, Band and Strings Ensemble!

### FOREST VALLEY NATURE TRIP

On Wednesday, May 10th, the Glenview Green Gryphons embarked on an adventure to Forest Valley! The sky was blue, the sun was shining, and it was perfect weather for a day outside with nature. Our goal was to create Andy Goldsworthy inspired art pieces, using only the tools and materials provided by our environment. We saw examples of his phenomenal ephemeral art, and armed with nothing but our creativity and our lunches, we set out into the woods. Hollow logs, crooks in trees, clearings on the ground all became our canvases; twigs, stones and dead leaves our paint. We finished our day off with a gallery walk to see the stunning natural works created by our peers. On the bus ride home we reflected on this celebration of the hard work we put into keeping our school green. A ginormous thank you goes out to Mrs. Spring and Mrs. Elshayeb for giving us this wonderful opportunity to learn about the beauty of the world around us and allowing us to explore channeling this beauty through art.

By: Maria Y., Semayi G. and Taylor R.

### GAUSS 2017

GAUSS is a math contest that chooses students to participate that show capability and perseverance to achieve in math. Five students were selected from each class to participate in the contest that took place on May 10<sup>th</sup> at Glenview. A month before the GAUSS contest took place, there was another test called the math league contest where every student in the school participated, the top scoring student from each class got automatic entry into the GAUSS contest. The other four students got chosen if they volunteered and their teacher and other officials reviewed their academic progress. Most students volunteered but only a select few got to write the test.

There were three sections of the test: part A, part B and part C. Each question in part A was worth 5 points, each question in part B was worth 6 points and each question in part C was worth 8 points. There was a rule that stated that each unanswered question was worth 2 points (each wrong answer was worth no points). There were 25 questions in total and you could leave 10 questions blank. Each student could score up to 150 points. The first section had the easiest questions and after that, the test got progressively harder, the third section was made up of 5 long questions that were considered to be the hardest.

Overall, the GAUSS contest is a great way to get kids thinking and prepared to succeed in math. We would like to say a special thank you to Robin Conliffe and Eman Jayousi for volunteering their time to help supervise.

By: Luke W. and Jonah R.

Here is a sample of a Grade 7 and 8 question for parents to try at home :

**Grade 7**

Given 8 dimes and 3 quarters, how many different amounts of money can be created using one or more of the 11 coins?

A) 27 B) 29 C) 35 D) 26 E) 28

**Grade 8**

The values of 2, 3, 4, and 5 are each assigned to exactly one of the letters V, W, X, and Y to give  $Y^X - W^V$  the greatest possible value. The value of  $X + V$  is equal to

A) 5 B) 6 C) 7 D) 8 E) 9

**SULTAN OF STRINGS**

Last week Glenview was very lucky to have some special guests perform a music trio called the Sultan of Strings. There were some very unusual instruments, some of which we have never seen or heard before. This interesting combo included the sitar, the black carbon guitar as well as the viola. We are pleased to say that Glenview was a very respectful audience so four Glenview students were brought up to the stage to join in on the performance. They were asked to create a percussion pattern using a bongo and even one student used a cardboard box. This proved to us that anyone can create music using anything. Also, they taught us how to sing using just vowels. We also learned about different styles of music such as: folk, the fiddle and classical. It was interesting to watch because our age group is only used to pop music that plays on the radio and we never realized that there is so much more to music than auto tune. After the performance was finished, the majority of the students left the gym in a motivated and pumped mood. We are so glad that Glenview had an opportunity to watch such a compelling production.

**JOHN POLANYI SKILLS CHALLENGE**

On May 10<sup>th</sup>, 30 students were selected from Glenview Sr. P.S. to go to the sixth annual John Polanyi C.I. Skills Challenge. During the day, the students were each competing in different challenges. The day started with a warm welcoming speech to the students from each school who were participating. The different challenges included: soccer, business, math, science, robotics, biology, dance and more. The atmosphere of a new school made the students feel thrilled and competitive at the same time. With challenges that focused on applying teamwork and communication, the day turned out to be a huge success! Glenview brought home some medals and a certificate to congratulate the teachers and participants for coming. The rest of the school was more ecstatic when they learned what their representatives had accomplished. Although Glenview didn't bring back the trophy, we had an amazing time at John Polanyi.

By: Ben M. and Bonnie A.

**GLENVIEW AT THE BLUE JAYS GAME**

On Tuesday, May 9th, the Glenview choir had the honour of performing the American and Canadian national anthems at a Toronto Blue Jays game. Before stepping out onto the field, we were all buzzing with nervous energy, but among the nerves and the fear was the unmistakable gleam of excitement and determination. We were going to go out and make our school, community and ourselves proud. The experience was exhilarating; standing on the field with the feeling of

being surrounded by row upon row of seats was unlike anything else I had ever felt before. We were very fortunate to have members of the Glenview community, our staff, our peers, as well as our families watching and supporting us. Their cheers definitely helped us get through what was a stressful and intense performance. Hearing all of our voices projected throughout the stadium filled us with pride, as we knew that we were delivering our absolute best. A stark contrast with our usual school concerts, we had the chance to step out of our comfort zones and try something new and exciting. We are tremendously grateful to Mr. So, our wonderful choir conductor, and to Mrs. Percy-Robb, our fantastic pianist. Another enormous thank you goes out to Ms. Chiu, who organised everything from tickets, to forms, to attendance; she took care of it all! Finally, we would like to thank the Toronto Blue Jays for giving us this opportunity and for providing us with a night we won't forget.

By: Maria Y.

If you missed out on the event, here are videos of our choir's performance below! (copy and paste the link into your browser)

### CANADIAN FLUID POWER CHALLENGE

Our team of 4 representing Glenview attended a workshop at Dixon Grove Middle School to learn how to design a hydraulic machine to complete a challenge. The team, Aristides L., Thea L., Madeline G. and Marcus U. were chosen by Mr. Corkill after they scored the highest on their Science Hydraulic projects in the Grade 8 fluids unit. After the full day workshop, we were given a challenge and 3 weeks to design, build a prototype, test and evaluate in order to attend a competition against 120 other students. For the three weeks, we gave up many of our lunch hours, after school time as well as some class time to spend on our challenge. We tried to come up with the most original idea we could, something no one else could think of. After many hours and challenges we worked together as a team and completed a prototype. We then had to make a 20 page portfolio with Orthographic and Isometric designs and off to the competitions we went. We could not bring anything with us except our designs. The competition started and we had 3.5 hours to make our prototype that took us 3 weeks to make! After the time had finished, our prototype was done and ready for the competition. We pulled #10 as our demonstration time. Each time had 2 minutes to use their machine to complete the task as many times as possible. The task was to lift a block and place it in a Fibonacci sequence arc to get points. As we were completing the challenge our machine malfunctioned and we couldn't move any more blocks. In the end the Canadian Challenge organizer commented that we had one of the most unique machines he had ever seen and he has been organising this event for over 20 years! After all the judging was done we ended up in 4<sup>th</sup> place. We were upset at the results but agreed with the judges. We learned so much about Engineering, Forces, Math, Science and not giving up! Thanks to Mr. Corkill for giving up his lunches, preps and after school time. We would do it all over again if we could!

### POLICE PRESENTATIONS

Last week we had Officer Janet Stather come in to talk to Glenview students about bullying that can happen to someone on and off screen. She showed us a video about a young girl who sadly committed suicide after all the bullying she experienced. The thing that people are unaware of is that this happens more than people know. We were really happy that Officer Janet came in to remind us to be safe on the internet. She reminded us that if we send something out to the internet there is always a chance that it will be exposed to the world. For example, you should always be aware of what you send out on social media such as Snapchat. You may think that a picture can be erased once it is out of your sight, but it is can always be floating around somewhere. We hope that Officer Janet continues to spread the word about teen suicide and that the students of Glenview really understand what the power of their actions can do to someone.

By: Tea L. and Tiana L. – Communication Prefects

### CO-ED VOLLEYBALL

After the boys and girls volleyball season came to an end, Mr. Rodier being generous as always organized a co-ed team (mixture of boys and girls). This year, as he was selecting the team he decided instead of choosing the original 6 boys and girls from the previous teams, he decided to choose 3 people from the team and 3 new talented people who didn't have the chance to play on the girls or boys team. Allowing more kids a chance to play volleyball was amazing, however the team would still be competitive as always.

The team started off practising 2-3 times a week, preparing for their upcoming challenges. We started the season off with the placement tournament where there were four teams and depending on how you played, you would be placed 1-4 accordingly of your record for the conference finals. Glenview managed to take the tournament home by placing first finishing with five wins and one loss over the course of six games. It was decided that we would play the fourth seed MacMillan, however looking at the match we knew this would be no cake walk knowing every single team in our conference had talent. The game was a back and forth very close battle, however Glenview took the victory moving onto the conference finals against our rivals since day 1.... Pleasantview. We have tons of history with Pleasantview always ending up in good matches with them. As predicted, the game went back and forth ending up in the game deciding third set. Glenview came out with so much fire and intensity taking the final set 15-7 and being labelled as Conference Champions! The moment was very exciting being one of the first Co-ed banners in a long time, however, work was not finished as we would be competing in the city finals later.

When we approached the court, the whole team was focused as we would be playing Hodgson, the team Glenview has had some previous history with as well. We played yet another intense game leading into to the third set. This time Glenview fell short in the third set not advancing to the city

finals, however, this season was one to remember with all the hard practices, fun moments and making it so far! I guess the new strategy for picking the team worked very well. As always, on behalf of the team we would like to thank Mr. Rodier for organizing this team again; we would never have this team or any of the volleyball teams without you. Thank you for giving us all a chance to play competitively against other schools as we all appreciate it very much. Also, to the players, what a great season everyone! This will be one to always remember!

By: Justin S.

#### BADMINTON TEAM

The Grade 7 badminton team met once a week for rigorous training in hopes of securing a banner. Unfortunately, even though they tried their best, they were defeated in a close match in the Conference Finals against Pleasant View JHS. On the other hand, the boys' doubles team stayed undefeated throughout the entire season due to their amazing communication and ability to cover for each other. This in turn inspired the rest of the team to step up their game and give it everything they got. Thanks to Mrs. Hann, Danny and a volunteer, the team has ended the season with much more knowledge and self-belief than they've never had before. Although they didn't return victorious this time, they came back with a hunger to defeat everyone standing in their path to glory next year.

By: Rachel L. and Cynthia L.

#### NEWS AND CUES FROM THE GUIDANCE OFFICE

The countdown continues! Grade 8 chatter is all about grad and the end of year trips. Grade 7's are geared up to take over as senior members of the student body.

##### MyBlueprint: Grade 7 Students

Grade 7 students began to set up their MyBlueprint accounts this week, working on goal setting, establishing a resume, and completing an inventory to establish what kind of learner they are. They are encouraged to access their accounts at home and to keep it updated and current. For example, completing a course outside of school, competing on a team and doing volunteer work should all be noted on their resumes. Please ask your children to show you their account as you too will find it compelling in its depth. Current grade 7 students will submit their secondary school courses next year via this tool.

##### Grade 8 Students and Parents

North Toronto Collegiate Institute event: Please keep the date open: Thursday, May 25<sup>th</sup> beginning at 6:00 p.m. Students will receive essential information at this time.

Information regarding community service hours will come out with the grade 8 report cards in June. In the meantime, you may be interested to read about the commitment at the following link:

<http://www.tdsb.on.ca/Search.aspx?Search=communityservicehours>

All course selection sheets from Lawrence Park have been given to the students and any corrections/adjustments to these courses should already have been submitted to me.

Agendas are going to look a bit different next year as we continue our focus on the critical ability to remain organized and focused in school. Setting goals and creating a plan to achieve these goals is one of the major foundations of academic success. Students at Glenview have all been instructed on the importance of goal setting, and more importantly are creating personal goals through myBlueprint. Check out this link to S.M.A.R.T. goal setting. Your kids know what this means. Do you? <http://www.smart-goals-guide.com/smart-goal-setting.html>

Best,

Mariam Racko

### **Do you speak camp?**

I am pleased to announce that Glendon College will launch a new bilingual summer day camp for children and youth ages 5 to 15, which will run from July 4 to August 25.

### **Who should attend?**

[Camp Glendon](http://www.glendon.yorku.ca/campglendon) is ideal for campers who have some language learning such as French Immersion or Extension, Core French or ESL. Students will hear and be encouraged to speak in both English and French while learning programming-related vocabulary, and building language skills.

### **Instructors**

Instructors are bilingual Glendon students with teaching experience who are passionate about languages, learning, culture and fun. These instructors will emphasize the development of sports, arts, leadership and social skills while at the same time building French and English language skills. Campers will be offered the opportunity to participate in activities on a campus that features award-winning sports facilities, art studios, learning labs, spectacular grounds and diverse nature.

### **Programs and activities include:**

Multi-Sport (5-6 years) including sports such as tennis, soccer, badminton, baseball, and activities such as water play, arts and crafts, dance and drama, nature lore and recreational games

Adventure Camp (7-10 years) emphasizing recreation and adventure with activities such as scavenger hunts, LEGO, science and nature experiments, orienteering and hiking, problem-solving and team building through recreation

Global-U (11-13 years) which brings the world to Glendon with international activities such as tour de Glendon, theatre du monde, Model UN, and other culturally-infused games and experiences

Leaders-In-Training (14-15 years) developing leadership skills such as team-building, problem-solving, innovation and goal-setting in a recreational and adventure-based programming guided by academic theory and leadership practices

## **Dates**

Week 1 – July 4-7  
Week 2 – July 10-14  
Week 3 - July 17-21  
Week 4 - July 24-28  
Week 5 - July 31-Aug 4  
Week 6 - Aug 8-11  
Week 7 - Aug 14-18  
Week 8 - Aug 21-25

## **Fees**

Multi-Sport and Adventure Camp \$350/week  
Global U and LIT \$375/week

## **Time**

8:45 - 9:00 Drop-Off  
9:00 - 11:30 Programming  
11:30 - 12:30 Lunch  
12:30 - 2:30 Programming  
2:30 - 4 Programming - All

## **Before and After Care**

Before Care 7:30-9 am \$21/week  
After Care 4-6 pm \$28/week  
Both \$45/week

**For more information and online registration, consult our website:**

[www.glendon.yorku.ca/campglendon](http://www.glendon.yorku.ca/campglendon)

**If you have any further questions, feel free to contact us :**
