

**Glenview Senior Public School
School Council**

December 10, 2020

Dear Parent/Guardian:

From all of us on School Council, we'd like to wish a warm Season's Greetings to all our new and returning Glenview families.

For your information, the School Council holds regular virtual meetings open to the entire Glenview community. These are generally held on the second Tuesday of each month. The meeting dates, and other information about Council can be found on the Glenview school website. The success of the school council relies on the participation and commitment of many Glenview parents, so **please join us**.

Glenview Senior Public School, School Council traditionally begins the school year with a request for a **tax-deductible donation of \$50.00 or more** per family (or any amount you feel is appropriate). These donations are very important, as they constitute our major income source for the upcoming year. Proceeds are used to improve both classroom and school facilities, as well as enhance school programs. Given the unique COVID circumstances this year, the funds will be used towards additional laptops, digital textbooks and other resources to ensure all our students and teachers have access to the technology required to smoothly transition between in-person and remote learning, and in future the same technology will be used to update and enhance our school computer lab. Apart from these initiatives, any remaining funds will be used to support Glenview students.

Glenview Senior Public School, School Council has **charitable status** and as a result, can issue income tax receipts for all donations over \$25.00 to both individuals and businesses. So, if you are interested in a year-end tax deduction, or your company/business has a "fund matching" program, we hope you will consider Glenview as a recipient for contributions.

Effective immediately Glenview families wishing to make their contributions electronically or by credit card, may do so by clicking on the following link www.sagoto.com/gspsc/donate
Please note that we do not accept donations through the TDSB Cash Online portal.

As a result of COVID, teachers are unable to accept payments, however, for those Glenview families that would prefer to make their donations using cash or cheque, a Council member will be outside the main school entrance between **8:45am and 9:00am each weekday morning starting on Friday, December 11th through to Friday, December 18th** to collect contributions. Please fill out the information below to submit along with the funds. Cheques should be made payable to **Glenview Senior Public School, School Council**.

Also, you will soon start to receive **Parentview**, which is a regular newsletter, published and sent by email (email addresses already on file at Glenview). This newsletter talks about past and future Glenview events and helps parents and students to stay organized.

Thank you so much for your generosity and support. We would also like to wish all our Glenview families a happy and healthy holiday season.

Sincerely,
Glenview Senior Public School,
School Council
