

Hello parents/guardians and students:

Congratulations everyone...we've made it through to the end of this extraordinary school year! This will be my second last school community communication for this year as I will send one last email mid-next week with THANK YOU's.

A few updates and information items:

Year-End Video by Student Council:

Thanks to our Student Council and the many clubs who put together this video. The HCI End of Year Assembly Video 2020/21 was shown to students this past Wednesday. And again --- like all of the assembly videos this year, it was an amazing video. The key message: "let's make sure our Harbord students next year know what school life should be. Let's continue the Harbor Tiger culture and let's get involved!" The YouTube link is:
