

What do parents have to say?

“Our daughter has attended the Jean Augustine Girls' Leadership Academy for 3 years and we have noticed remarkable changes in her confidence, interests and self-esteem. She has grown into a self sufficient, independent young leader who is aware of and interested in the world around her. JAGLA is a key contributor in laying the foundation for success that will enable her to continue her leadership journey throughout her school years and into adulthood.”

– Rakhi and Mike Henderson

“We were looking for a school for our daughter, Zoya, where she could learn in an environment that provided a strong girl-centred education with a positive focus on leadership; a place where she could have a community of teachers and mentors to support and guide her down her own leadership path. We found that at Jean Augustine Girls' Leadership Academy. A terrific school for our female leaders of tomorrow!”

– Naureen and Mohamed Khan

Jean Augustine Girls' Leadership Academy:

**Engage.
Inspire.
Educate.**

How can students apply?

Why Jean Augustine Girls' Leadership Academy?

Housed in Highland Heights Junior Public School, the Jean Augustine Girls' Leadership Academy provides a focussed and innovative female-centric approach to learning.

The Jean Augustine Girls' Leadership Academy strives to:

- Provide an exceptional education experience
- Challenge and support girls to achieve their personal best
- Empower girls with confidence and courage
- Build strength, resilience and character
- Be a centre for innovation and leadership in girls' education

Girls Grades 4-8 will:

- **Think critically** about global issues that affect women in Canada and around the world
- **Explore** leadership opportunities
- **Connect** with positive role models and mentors
- **Engage** in learning through technology for creation, communication and collaboration
- **Participate** in daily physical activities that promote healthy, active living and enhance academic engagement
- **Advocate** for local community issues and contribute to their school and community with a focus on social justice
- **Enjoy** small classrooms and a tight-knit community of like-minded girls

Mentorship Program

Our girls have the opportunity to meet with adult mentors recommended by Hon. Jean Augustine and participate in round table discussions about career paths and how to set and tackle personal goals.

Through this program our students develop support systems and take advantage of positive role modeling while building strong relationships.

Fit Spirit – Girls in Motion

Our Grade 7 and 8 students are paired with high school mentors to explore topics in health and wellness. Lessons on exercise, nutrition and mental health are supported by visiting athletes, kinesiologists and other professionals. The culminating activity is a 5K Run.
