Things to Remember for Math Learning

- *Speed* is not Important
- Mistakes are **GOOD** to help us learn
- Our Brains Think About Math Visually
- *Believe* in Yourself
- Brains **GROW** & *change*

The Importance of Struggle

So always remember when you're struggling, even if that can feel really hard...that's the really best time for your brain...and keep going...never give-up on math...always remember you can learn anything!

Jo Boaler
Professor of Mathematics Education
Stanford University
