

# Gr 10 Digital Art (AWS 20)

**This course focuses on** introducing you to how to create digital art using a computer, and mixing that with hands-on art

## Skills / assignments :

- photo manipulation
- digital painting (*creating artworks from blank canvas on Photoshop, and also starting from paper transferred onto digital for finishing*)
- gif animation mixed with classical animation (*drawn by hand, animated on computer*)
- stop motion animation + video editing
- digital collage (*mixing hands-on, photography, found images, and digital painting*)
