

# Computer Engineering Technology, Grade 12

University/College Preparation

TEJ4M

---

This course extends students' understanding of computer systems and computer interfacing with external devices.

Students will assemble computer systems by installing and configuring appropriate hardware and software, and will learn more about fundamental concepts of electronics, robotics, programming, and networks.

Students will examine related environmental and societal issues, and will explore postsecondary pathways leading to careers in computer technology.

**Prerequisite:** Computer Engineering Technology, Grade 11,  
University/College Preparation
