

DENTAL ASSISTING PREVENTIVE CLINIC AGES 6 TO 21

The Dental Assisting Program is pleased to offer a preventive dental clinic for children and youth ages 6 to 21, delivered by Dental Assisting students under the direct supervision of licensed dental professionals.

PREVENTIVE SERVICES INCLUDE:

- » cursory oral screening (not a comprehensive dental examination)
- » Dental polishing
- » Topical fluoride application
- » Oral hygiene instruction

ADDITIONAL SERVICES, IF CLINICALLY INDICATED, MAY INCLUDE:

- » Dental radiographs (X-rays)
- » Pit and fissure sealant application
- » Impressions for sportsguard
- » Referrals for further dental treatment, if needed

Fee: \$10 per patient (covers all preventive services noted above)
