

# FSF2D1: GRADE 10 FRENCH

## Why should I continue studying French?

Qu'est-ce que c'est?

Travel around Canada and the world with ease!

Increased cultural competence and understanding

Career opportunities!

Watch awesome TV, movies, and music videos for homework!

Understand French memes!

Your parents will be happy!

You'll find out what these pictures are!

# What do we learn about in Grade 10 French?

- Franco Ontario: We learn about the French speaking communities in Ontario (there are plenty!), the Franco-Ontario flag (there is one!), and famous Franco-Ontarians (like Alex Trebek, Justin Trudeau), and much more!
- Québec: What to do in Montréal, Québec City, and more. Learn about Québécois musicians, Montréal public transit, slang, movies, and TV.
- Acadie: Did you know New Brunswick is the only officially bilingual province in Canada? Find out why and learn about the culture in this course!
- Grammar : We spend some time studying different past tense verbs, and prepositions in front of different cities and countries, and talk about hypothetical situations. You want to sound smart when you talk about your worldly adventures, don't you?
- Speaking and listening: We practice having real conversations and questions about our lives and experiences. Presentations are sometimes improv and interview based to get you ready to go out in the world. We watch TV, movies, and lots of Youtubers to learn about the way real-world people actually speak.
