## Grade 10

### ADA 201

## Creativity, Collaboration, Confidence

Drama study at the Grade 10 level provides students with an opportunity to take on roles and to create and enter into imagined worlds. They learn in a unique way about themselves, the art of drama, and the world around them. Students engage in social interaction and collaboration as they create, perform, and analyse drama. Through informal presentations and more formal performances, students use drama to communicate their aesthetic and personal values.
