## Grade 11

### ADA 3M1

## Creativity, Collaboration, Confidence

At the Grade 11 level, drama students extend their understanding and interpretation of dramatic texts, forms, characters, and theatrical productions. They incorporate a variety of dramatic elements and conventions in their performances and productions. Students engage in increasingly effective social interactions and collaboration as they create, perform, and analyse drama. In these courses, students will experience being performer, audience, playwright, technician, designer, and critic.
