

Drama

Grade 12

ADA 4M1

Creativity, Collaboration, Confidence

At the Grade 12 level, drama students extend their understanding and interpretation of dramatic texts, forms, characters, and theatrical productions. They incorporate a variety of dramatic elements and conventions in their performances and productions. Students engage in increasingly effective social interactions and collaboration as they create, perform, and analyse drama. In these courses, students will experience being performer, audience, playwright, technician, designer, and critic.
