*** Due to the Federal Election Pickleball will start on May 5th and end on June 16th

John Wanless Spring After-4 Programs

<h2>Monday</h2> <p>Apr 28 – June 9 (6 weeks)</p>	<h2>Tuesday</h2> <p>Apr 22 – June 10 (8 weeks)</p>	<h2>Wednesday</h2> <p>Apr 23 – June 11 (8 weeks)</p>	<h2>Thursday</h2> <p>Apr 24 – June 12 (8 weeks)</p>	<h2>Friday</h2> <p>Apr 25 – June 13 (7 weeks)</p>
<p>ADVANCED CHESS Grades 4-6 \$125 Do you already know the basics of chess and are you looking to further your chess game? Let Mr. B-H take your chess game to a new level! With a focus on more intermediate moves and strategies, you will be sure to learn something new while having fun!</p> <p>-----</p> <p>PICKLEBALL Grades 4-6 \$215 Please note that due to the Federal Election, Pickleball will start on May 5th and end on June 16th. TenTen Sports new Pickleball Program is a fun, engaging, healthy, and an easy to learn racket sport. The Program consists of ball skills, drills, exercises, game play, and importantly teaches the positioning and rules of Pickleball. The program offers students an active and energetic class instructed in a controlled environment. All equipment is supplied.</p> <p>-----</p> <p>YOGA/MINDFULNESS CLUB Grades 1-3 \$145 Little Yogis Academy was developed by an Ontario Certified Teacher and yoga teacher. Our non-traditional yoga program combines mindfulness, movement, games, and yoga challenges that build flexibility and balance to give children a full and active experience. Students will develop tools for relaxation while moving their bodies, laughing, building friendships, and learning to connect with themselves and the world</p>	<p>VOLLEYBALL Grade 4-6 \$125 Interested in working on your volleyball skills? Join Mr. Gaunt & Ms. Blaney in this energetic program focusing on the popular game of volleyball! Learn to attack, dig, dump, spike & everything in between! Coaches will work on skills & have weekly games.</p> <p>-----</p> <p>DANCE WITH MS. HOOD Grades 1-3 \$125 Join Ms. Hood as she engages students in instruments, performing arts, dance, acro, as well as ribbons & scarves! Students will work towards a small performance at the end of the term.</p> <p>-----</p> <p>FIBRE ARTS Grades 3-6 \$235 Join Jessica from ThreadHeads in the Fibre Arts Club. We will explore a variety of methods and materials as we knot, weave, knit, sew and create a variety of beautiful one of a kind projects. The focus of this club is on creativity, life skills and independence. Motivating materials, traditional methods and engaging projects encourage all participants to have FUN and make things they will treasure.</p> <p>-----</p> <p>WORLD OF DESIGN Grades 1-3 \$220 In this program from Mad Science, students take a journey to the farthest reaches of the imagination. We use the design thinking process to solve real-world problems in these</p>	<p>SOCCER Grades 1-3 \$275 TenTen Sports Academy invites you to join their active, energetic, & fun soccer program. Players will be challenged through drills, exercises, & games each week to develop soccer skills while having a great time. All equipment will be provided.</p> <p>-----</p> <p>CHEER CLUB Grades 1-4 \$290 Combining the skills of gymnastics and the artistry of dance with a lot of enthusiasm makes for a whole lot of fun with the instructors from Extra Ed! The cheer club will inspire infectious positive spirits in all who participate!</p> <p>-----</p> <p>SCIENCE SURPRISE Grades 1-3 \$220 In this program from Mad Science, students test their forensic skills as they become super sleuths. We explore the amazing world of insects, learning how these fascinating creatures live. Each child will construct a propeller driven car as they learn about the power of mighty machines. We raise the curtain on the mysteries of movie making and special effects. Students explore the wild world of weather making a UV keychain.</p> <p>-----</p> <p>Weekly Topics: Bugs, Detective Science, Earthworks, Kitchen Chemistry, Mad Machines, Movie Effects, Walloping Weather and Science of Toys.</p> <p>-----</p>	<p>MUSIC MAKING GALORE Grades 3-6 \$125 With Ms. Willingham, continue to develop your vocal, performance and Orff instrument skills in a Chamber group setting. We will explore and read through different styles of music, develop sight reading skills, create harmonies while composing accompaniments on the Orff instruments. Being part of a group of passionate music makers helps make this a valued program for grade 3's preparing for the Junior Choir in the fall of 2025 and for the junior grades who are continuing their musical growth.</p> <p>-----</p> <p>GYM GAMES GALORE Grades 1-3 \$125 Welcome to "Gym Games Galore," where fitness meets fun in this exciting gym program designed specifically for energetic and enthusiastic first, second and third graders! Let's make physical activity enjoyable while fostering teamwork, coordination, and a love for staying active. Join Ms. Sherwood for all your favourite gym games where laughter, movement, and fun take center stage!</p> <p>-----</p> <p>KARATE Grades 1-6 \$230 Your child will learn confidence, leadership, respect, focus & discipline with the Black Belt Institute. This class is an excellent intro to karate as well as an opportunity for more experienced</p>	<p>FLAG FOOTBALL Grades 4-6 \$245 Toronto Flag Football is a non-contact flag football organization designed for everyone who loves to play football. We strive to create a safe, fun, and captivating experience for children. Our program offers age-appropriate skills and games that are crafted to ensure that our little athletes have a blast. They'll gain key sports skills, foster teamwork and strategic thinking, and most importantly, relish every moment they spend on the field. In our program, we'll learn by passing and catching games, running races, defensive drills, strategy sessions and so much more.</p> <p>-----</p> <p>CHESS CLUB Grades 1-3 \$255 It is well known that chess can improve strategic thinking, focus, pattern recognition and problem solving skills. Our programs, filled with challenging riddles and game play, tap into this and add much more – from game analysis that focuses on turning mistakes into lessons, to winning and losing with grace, and to nudging the players to take initiative and evaluate choices, Extra Ed chess programs teach much more than the game.</p> <p>-----</p> <p>MINECRAFT Grades 4-6 \$255 Using the Minecraft Edu program, Minecraft club leaders from Extra Ed</p>

around them in a deep, meaningful way.

UKULELE

Grades 1-6 \$145

Ukulele Kids is a fun, exciting and educational music that teaches the wonderful instrument; The Ukulele! In a group setting, students will learn how to play and sing with the "world's easiest instrument". Whether it's your first time playing an instrument or just want to learn a new one, there's a lot of music in a Ukulele! Bring your own Ukulele from home or purchase one for an additional \$60. Our ukuleles come in 8 different colors: Brown, Red, Orange, Yellow, Green, Blue, Purple and Pink. Order your ukulele in advance and receive it on the first day of class.

VIDEO GAME DESIGN & CODING 101

Grades 1-3 \$165

This program from **Create IT** is designed to challenge students in a fun, non-competitive environment as they design and create their own unique video games. Throughout the program, students will create up to 3 different video game creations. For each game, they'll learn how to add characters, obstacles, backgrounds, and multiple skill levels. Students will also be able to fully customize their title pages, high-score boards, instruction pages and cheat codes. At the end of the program each student will receive a copy of everyone's video games to take home on a BRAND NEW USB KEY!

different environments. Children will experiment with Crayola products and various art techniques like sculpting, Storyboarding, collage, and mixed media. Students will discover design careers like graphic design, universal design, urban design, and product design.

Weekly Topics: Mars Habitat:

Architectural Design, Game On: Board Game Design, Wild Animation: Animation Design, Picture Perfect: Movie Poster Design, Universal Treehouse: Universal Accessible Design, Comic Book Heroes: Costume Fashion Design, Pitch Your Product: Practical Product Design, and Futureville: Urban Design

LEGO ROBOTICS

Grades 1-3 \$290

In this program from **Extra Ed**, students work in groups and tackle each LEGO robotics build together. They make a plan, assign roles among their team, and follow step-by-step instructions to completion. Students are challenged with programming various motors to operate their robots. Problem-solving skills are put to test as students troubleshoot the task of springing their creations into action. Building from the instructions is only half the fun. Once familiar with the functions and logic of their LEGO kits, students engage their creative minds as they invent original creations.

HD LEGO ANIMATION: ADVANCED MOVIE & TRAILER CREATION

Grades 4-6 \$205

This program from **Create IT** puts student's imaginations to the test. Working solo or with a partner, students will create a story out of LEGO & learn how to use HD cameras, & stop motion technology, to bring their LEGO creations to life. Then the students will move on to the editing process, where they get to add titles, sub-titles, credits, music & their own voice recordings, to really bring out that "WOW" factor! After their LEGO movie is complete, they will also create a high quality movie trailer of their animation. At the end of the program each student will receive both projects to take home on a Brand New USB KEY!

CODING

Grades 4-6 \$290

In this program from **Extra Ed**, students are introduced to the basic logic and principles of programming. They build familiarity with these concepts through fun and simple exercises following ordered sets of commands. Next, we dig deeper as students add some personal flair by editing their code. With some trial-and-error along the way, they customize sprites, alter images, and add their own stories as text. Adding the power of loops, conditions, and other programming tools students complete their own simple games and fun exercises.

students to advance their skills. Price includes a belt upon completion, as well as a graduation ceremony!

If this is your child's first time participating, they will be required to have a karate uniform. If they don't already have one, these can be ordered in the first week for \$45. This is a one-time fee. If your child is returning, they are welcome to wear their existing uniform!

FREEHAND DRAWING & PAINTING

Grades 2-6 \$275

In this program from **Freehand School of Art**, students in this class will be introduced to a variety of drawing and painting techniques. Learning to draw using perspective, shading and proper proportion will help students draw realistically, and will provide a solid foundation for developing their painting skills. Using watercolour and acrylic paints, students will learn colour theory and proper painting technique as they explore realistic and abstract painting.

LITTLE FINGERS MUSIC

Grades 1-3 \$275

The **Little Fingers Music** Keyboard Classes are a fun introduction to keyboard for the young learners. Students learn basic keyboard skills, read notes and rhythms, complete written theory exercises and sing a variety of songs. Keyboards are supplied and classes are designed by **Little Fingers Music** founder and composer Charlie Kert (Honours degree in Theory and Composition) and taught by students in training to become teachers.

pose challenges and lead projects that inspire thoughtful, imaginative and innovative ways of using the virtual tools at hand.

S.T.E.A.M. EXPLORATION

Grades 1-3 \$185

Welcome to the Ultimate S.T.E.A.M Experience! from **Create IT**. Explore Science, Technology, Engineering, Arts, and Math in a FUN, exciting, and creative way! Students will be amazed each week as they create their own "Stop-Motion" Action Figure Animation movie, participate in thrilling Science "Eruption" Experiments, constructing, design-ing, & building a variety of LEGO & Engineering structures & roller coasters, while also participating in fun and memorable STEM Robotics & Coding Team Building challenges and competitions along the way! This exclusive S.T.E.A.M after school program is truly a one-of-a-kind experience! Don't miss out on all the fun and excitement this BRAND NEW CREATE IT program has to offer! *Movie projects will be sent home on a USB key!

WILDERNESS EXPLORERS

Grades 1-3 \$255

This new program from Extra Ed teaches kids essential outdoor survival skills, such as shelter-building, orienteering, telling time in nature, plant and track identification, ensuring that they are prepared for any outdoor challenge.
