John Wanless Spring 2026 After-4 Programs

Monday April 13 - June 1 (7 weeks)	Tuesday April 14 - June 2 (8 weeks)	Wednesday April 15 - June 3 (8 weeks)	Thursday April 16 - June 4 (8 weeks)	Friday April 17 - May 29 (7 weeks)
<p>ELEVATED CHESS w/EXTRA ED Grades 4-6 \$260 Advanced chess players continue refining their skills through challenging gameplay, thoughtful analysis, and strategic practice. Students strengthen focus, resilience, and decision-making while learning to think ahead and adapt with confidence in tournament-style settings with Extra Ed.</p> <p>-----</p> <p>SOCCER Grades 1-3 \$250 TenTen Sports Academy invites you to join their active, energetic, & fun soccer program. Players will be challenged through drills, exercises, & games each week to develop soccer skills while having a great time. Each session is packed with dynamic ball-control activities, purposeful drills, fitness-based movement, and plenty of match play. Players learn proper positioning, decision-making, and the rules of the game while building confidence, focus, and a love for being active. All equipment will be provided.</p> <p>-----</p> <p>MINECRAFT Grades 1-3 \$260 Experience learning like never before with Minecraft: Education Edition from Extra Ed. From building structures to exploring ecosystems, this program draws on hundreds of lessons created by educators around the world.</p> <p>-----</p> <p>KNITTING/CROCHET CLUB Grades 2-6 \$220</p>	<p>HD LEGO ANIMATION: MOVIE & TRAILER CREATION Grades 1-3 \$205 This program from Create IT puts student's imaginations to the test. Working together, students will create a story out of LEGO and learn how to use HD cameras, and stop motion technology to bring their LEGO creations to life. Then the students will move on to the editing process, where they get to add titles, sub-titles, credits, music and their own voice recordings, to bring out the WOW factor. After their LEGO movie is complete, they will also create a high-quality movie trailer of their LEGO movie. At the end of the program each student will receive both projects to take home on a BRAND-NEW USB KEY!</p> <p>-----</p> <p>UKULELE Grades 1-6 \$175 Ukulele Kids is a fun, exciting and educational music program that teaches the wonderful instrument; The Ukulele! In a group setting, students will learn how to play and sing with the "world's easiest instrument". Whether it's your first time playing an instrument or just want to learn a new one, there's a lot of music in a Ukulele! Bring your own Ukulele from home or purchase one for an additional \$60. Ukuleles come in 8 different colors: Brown, Red, Orange, Yellow, Green, Blue, Purple and Pink. Order your ukulele in advance and receive it on the first day of class.</p>	<p>PICKLEBALL Grades 4-6 \$275 TenTen Sports Pickleball Program is a fun, engaging, healthy, and an easy to learn racket sport. The Program consists of ball skills, drills, exercises, game play, and importantly teaches the positioning and rules of Pickleball. The program offers students an active and energetic class instructed in a controlled environment. All equipment is supplied.</p> <p>-----</p> <p>MAD SCIENCE: READY, STEM, GO! Grades 1-3 \$220 In this program from Mad Science, kids find out how science is at work in the world around them! They learn about the animal kingdom, both on land and under the sea. They make mixtures and explore the science of motion and energy. They also discover the technology that powers our modern world and keeps us connected. Weekly topics include: All About Animals, Energy Burst, Get Connected, Life In The Sea, Mix It Up, Moving Motion, Radical Robotics, Super Power Sources.</p> <p>-----</p> <p>HD CLAY ANIMATION: MOVIE & TRAILER CREATION Grades 4-6 \$205 This program from Create IT puts students' imaginations to the test. Working together, students will create a story using colourful clay and learn how to use stop-motion</p>	<p>LITTLE FINGERS MUSIC Grades 1-3 \$280 The Little Fingers Music Keyboard Classes are a fun introduction to keyboard for the young learners. Students learn basic keyboard skills, read notes and rhythms, complete written theory exercises and sing a variety of songs. Keyboards are supplied and classes are designed by Little Fingers Music founder and composer Charlie Kert (Honours degree in Theory and Composition) and taught by students in training to become teachers.</p> <p>-----</p> <p>KARATE Grades 1-6 \$230 Your child will learn confidence, leadership, respect, focus & discipline with the Black Belt Institute. This class is an excellent intro to karate as well as an opportunity for more experienced students to advance their skills. Price includes a belt upon completion. If this is your child's first time participating, they will be required to have a karate uniform. If they don't already have one, these can be ordered in the first week for \$45. This is a one-time fee. If your child is returning, they are welcome to wear their existing uniform!</p> <p>-----</p> <p>ART EXPLORATIONS Grades 1-3 \$275 In this program from Freehand School of Art, students will be introduced to four distinct disciplines: drawing, painting, printmaking, and collage. We will</p>	<p>FLAG FOOTBALL Grades 4-6 \$245 Toronto Flag Football is a non-contact flag football organization designed for everyone who loves to play football. We strive to create a safe, fun, and captivating experience for children. The program offers age-appropriate skills and games that are crafted to ensure that our little athletes have a blast. They'll gain key sports skills, foster teamwork and strategic thinking, and most importantly, relish every moment they spend on the field. In our program, we'll learn by passing and catching games, running races, defensive drills, strategy sessions and so much more.</p> <p>-----</p> <p>CHESS CLUB - LEVELLING UP Grades 1-3 \$260 In this program from Extra Ed., students deepen their chess skills through engaging challenges, richer strategy, and increasingly confident gameplay. Whether newer to the game or continuing their journey, students sharpen critical thinking, strengthen focus, and demonstrate greater independence at the board as they grow into more advanced players.</p> <p>-----</p> <p>STEM ADVENTURES: BUILD & DISCOVER Grades 1-3 \$185 Ignite your imagination and curiosity with our new STEM Adventures: Build and Discover after-school program from Create IT! Each week, students will embark on a new engineering challenge, designing and constructing incredible structures using LEGO bricks and a variety of other exciting materials. This program goes beyond building, incorporating engaging hands-on science experiments and unique take-home technology projects, making</p>

Unwind after school and get creative with Jessica from **ThreadHeads!** In this fun, hands-on fiber arts class, students will learn the basics of knitting—how to cast on, knit, purl, bind off, and read simple patterns. Crochet-curious students will also get a chance to learn how to chain and create simple crochet stitches. Students will make cool, one-of-a-kind items while discovering how fun and relaxing it is to turn a ball of yarn into something uniquely their own. Both knitting and crochet help build fine motor skills, strengthen hand-eye coordination, and encourage focus and patience. No experience needed — all materials provided.

**SPOTLIGHT ACADEMY:
TRIPLE THREAT**

Grades 4-6 **\$370**
Spotlight's Triple Threat Program is perfect for anyone who wants to explore the exciting world of musical theatre! Students sing, act, and dance as they work toward a fun, high-energy revue-style performance. Throughout the session, performers learn a select few musical numbers and scenes from a show while building confidence and stage skills in a supportive environment. What makes this program special is that every student gets the chance to shine, experiencing what it's like to be a lead, an ensemble member, and a scene partner. All students are cast in equal-sized roles within our musical numbers and scenes, ensuring everyone has meaningful time in the spotlight. Classes culminate in a mini showcase performance for family and friends.

technology to bring their stories to life. Students will then move on to the editing process, where they get to add titles, subtitles, credits, music, and their own voice recordings to bring out the "WOW" factor. After their Clay animation movie is complete, they will also create a high-quality movie trailer of their feature film creation. At the end of the program, each student will receive both movie projects to take home on a brand-new Create It USB key.

CHEER CLUB

Grades 1-3 **\$290**
Combining the skills of gymnastics and the artistry of dance with a lot of enthusiasm makes for a whole lot of fun with the instructors from **Extra Ed!** The cheer club will inspire infectious positive spirits in all who participate!

create 2 and 3-dimensional works of art that allow students to explore a wide variety of materials and techniques. Whether you're brand new to art or want to try your hand at diverse materials and techniques, this is the perfect class to try! *Please note, the projects for the Spring Session will be all new for students continuing from previous sessions*

learning about STEM a truly unforgettable experience! Students will build amazing things like towering skyscrapers, mega bridges, customized LEGO cities, and DIY marble roller coasters, create awesome science experiments like fizzing volcanoes and oozing lava lamps, or even produce a cool FX special effects movie creation! Each week holds a new surprise to spark curiosity and innovation.

MAKING A MOVIE

Grades 4-6 **\$225**
Fill your time after school with action, adventure and a lot of comedy with **Film Camp in A Box** movie making workshop. Mentored by master filmmakers, young filmmakers will engage in hands-on exploration of the filmmaking process, including pre production, production and post production. Working in small crews, they will learn about cinematography, script writing and editing. Kids will then create, act in and edit a short film. Participants will have the opportunity to use our latest technology, including Mac books, 4K cameras, tripods, boom microphones and green screens. Blockbusters will be provided in our digital theater following the completion of the workshop for family and friends to enjoy.

Registration opens Monday, March 30th at 9:00pm and closes Saturday, April 4th at 9:00pm.
