

# Ms. Vysochyna & Ms. Baird

## Kindergarten News

Through Inquiry and Learning Provocations, we are learning...

**Literacy:** Recognize rhyming sound endings and produce rhyming words. Read, listen, write, and talk about characters, plots, and events in stories. Explore questions that can be answered through data collection and how to represent this data (in Math).

**Math:** Measure, using non-standard units of the same size, and compare objects, materials, and spaces in terms of their length, mass, capacity, area, and temperature, and explore ways of measuring the passage of time, through inquiry and play-based learning. Investigate some concepts of quantity and equality through identifying and comparing sets with more, fewer, or the same number of objects.

**Character Education Focus:** Teamwork

**Big Ideas:** Students will be developing their early literacy skills and interest in writing.. Students will participate and learn about the writing process through the creation of their own books.

### Important Reminders

- Please remember to send us a photo of your child's work from each day to document their academic progress.
- Remind your child how to turn their microphones on and off.
- January 14th is a P.A. Day.
