### ***What's Happening in Class?***

This month we will continue to learn and explore the following:

**Math:** Financial Literacy - adding and subtracting money amounts, calculating change, earning, spending and saving money. Grade 5 - estimating costs including tax, credit, debit, budgeting.

Data management - Mean, Mode and Median

**Literacy:** Writing - Students will begin writing/publishing their own book for Author's Day (TBA)

Reading - Students will continue with guided and independent reading. Our digital reading platform is EPIC. Please feel free to use EPIC at home. Class code is rha8033.

Making words - focus on prefixes, suffixes, roots and rhyming words

**Science** - Grade 4: Light and Sound  
Grade 5: Properties of and Changes in Matter

**Health** - Human development and sexual health (May 10th - May 31st)

**STEM** - Students will plan and prepare for STEM Expo Day. The grade 4/5 students have partaken in many STEM challenges throughout the year and now they will take on the leadership role and lead a STEM challenge to our primary students.
