## EXAM RETURN, REPORT CARDS, AND SEMESTER 2

Semester 1 is officially behind us and students can breath a sigh of relief! For most of our students, exam-writing was a new experience, and despite all the pressure leading up to it, they got through it just fine!

On Wednesday, Feb. 1, all students will follow an afternoon schedule (starting at 1:00) to visit their semester 1 classes one last time.

It's important for students to attend this day, as it's an opportunity for them to review how they did on their culminating activity and/or exam. Teachers will also inform students of the final mark.

Please note that final exams are kept on file at the school and not returned to the student.

Semester 1 Report Cards will be emailed to parents/students during the week of Feb. 6.

Semester 2 timetables are available to students through their School Connects App.

The first day of semester 2 if Friday, Feb. 3.

## MALVERN'S BABY GRADS!

Traditionally, the Malvern Collegiate Institute Yearbook Committee makes available slots in the yearbook to congratulate your student's graduation from high school. You may participate in making this year's book memorable for you and your student by sending in a favourite photograph and adding a few words of congratulations for our "Baby Grads" section. This will help to personalize the yearbook, making it one they will cherish for years to come.

The message should be up to **275 characters**. This includes spaces, symbols and punctuation marks. Messages may be reduced to fit the required size.

There is no fee to participate in baby grads. The cost of yearbook is included in the Student Activity Fee.

Please email the photo and message to [malvernyearbook@gmail.com](mailto:malvernyearbook@gmail.com) by **Friday February 17<sup>th</sup>, 2023**. Please send in yours quickly, as space is limited.

## MALVERN COMMUNITY FAIR

On Thursday, March 2, 2023 from 9:00am-12:30pm, we are inviting our community partners to set up a table at our Malvern CI Community Fair to highlight and promote the many employment and volunteer opportunities, programs, supports and services that are available to youth in our neighbourhood and greater community.

We are hoping this will be an opportunity for our students to reconnect with one another and to make new connections and learn about what is out there for them, and also how they can contribute and give back.

The event will take place over two class periods with teachers bringing their classes down to circulate, and then will continue into lunch for students to return, ask more questions and visit further with our local agencies, community groups and partners.

## GRADE 10 SCIENCE DISSECTION

Grade 10 science students finished off the optics unit with a dissection lab. Students spent the period fully engaged while methodically dissecting a sheep's eyeball. The eye is probably the most complex and interesting organ of the human body. There are so many specialized parts - hopefully all of which grade 10s can now identify.

The funniest thing I heard during the lab, "Ms Dawe, the yolk fell out!". Fortunately, this student realized that we were not dissecting an egg and the part she was referring to was actually the vitreous humor.

## AFRICAN HERITAGE MONTH AT THE TORONTO DISTRICT SCHOOL BOARD

During the month of February, the Toronto District School Board (TDSB) proudly recognizes African Heritage (Black History) Month. It is an occasion to celebrate the many achievements and contributions of peoples of African descent to Canada and the world. The chosen theme for 2022-2023 is *Black Joy*.

The first Black Canadian woman elected to Parliament was the Honourable Jean Augustine, who introduced a motion to the House of Commons to recognize February as Black History Month. In December 1995, Canadians officially recognized February as Black History Month across our nation. At the Toronto District School Board, a motion to recognize African Heritage (Black History) Month was carried in January 2002 and reaffirmed again in January 2004.

This year the contributions of numerous inspiring Black individuals will be highlighted. As we move forward towards December 2023 in marking 28 years since the Honourable Jean Augustine introduced a motion to recognize February as Black History Month across the nation, let's pause and applaud her. Since December 1995, we continue to build a strong and robust foundation for all Black individuals across the nation. This motion brought us the opportunity to further learn about the African (Black) heritage and start the conversation that continues to flourish. We also applaud the TDSB for their 20 years contribution to recognize and celebrate African (Black) History Month. Further we're proud of the achievements made by the TDSB in how Black students continue to be supported directly with the creation of the Centre of Excellence for Black Student Achievement Department, and the Africentric program at Leonard Braithwaite at Winston Churchill Collegiate Institute and Downsview Secondary School for our secondary students. Please take a moment to review our powerpoint on African Heritage Month – February 2023 that highlights inspiring Black individuals. (Link: <https://drive.google.com/drive/folders/1vDAD59F0cqQVeuxjburWYd3tzFgG8gTq>)

We are enthusiastic of the continuation of the Black Student Alliance elementary and secondary student groups that increase student voice and build capacity in student leadership. We are also appreciative of the continued collaboration between the TDSB and the York University Black Law Students' Association in providing support to the Know Your Worth initiatives that include *Black "Secondary" Youth Empowerment Conference*, and *Know Your Worth: Educator's Conference*. At this time, please refer to the above powerpoint for information regarding these opportunities.

Artworks to reflect the theme of Black Joy was created by students from Winston Churchill Collegiate Institute and Northview Heights Secondary School. The theme of Black Joy was selected this year by the African Heritage Month Volunteer Planning Committee. Joy is defined by the MerriamWebster dictionary as the emotion evoked by well-being, success, or good fortune or by the prospect of possessing what one desires. This academic school year, "Joy" is one of the TDSB's two overarching priorities. The importance of "joy, engagement and belonging in our schools as a foundation for academic achievement and student success; and the second priority being "eliminating disproportionate outcomes for students." Black Joy emulates how Black People have been able to thrive as a People and as a Community, despite the systemic barriers and oppression faced.
