

Mason Mustang Round Up

October 25th, 2024

What a week at Mason Road Jr. P.S.!!!

There were some amazing things happening this week that need to be shared with our community.

From Zoo trips to Library walks to Freezie Friday to the incredible weather all week long, Mason Road had a fantastic fall week. I want to take a moment to share a few really cool photos and exciting things happening next week and the weeks to come.

Say hello to the newest edition at Mason Road Jr PS. This is our Tower Garden that will be growing all sorts of vegetables, herbs, flowers, and plants inside, even in the winter. Seeds have already been planted with the help of our Eco Club students and soon our front entrance will be alive with vegetation.

Secondly, we wanted to share a great photo that our Vice Principal, Ms. Lockett, took of a primary class outside, enjoying the leaves and having a blast on a beautiful autumn day.

Finally, I wanted to send a giant THANK YOU to our School Council who donated pumpkins to each classroom in the school for teachers to carve. Next week, I'll be sharing photos of our pumpkin carving contest!
