

Mason Mustang Round Up

April 5, 2024

For this week's Mason Mustang Round Up, the focus of the spotlight is on the amazing work of an unsung hero within our building. From mopping stairs, to cleaning up dog dirt on the school yard, Mr. Kelly exemplifies the role of school caretaker. His never-ending energy and positive attitude personifies the vision we share to make Mason Rd what it is – an incredible school.

Recently, Mr. Kelly has begun working with students and teaching them the game of dominos. With the support of a retired Vice Principal (Ms. Muir), our students learned both the strategy and rules to the game. The students loved it and can't wait for the next rainy recess to continue playing with Mr. Kelly.
