

Interactions in the Environment

A Study of Impacts on Ecosystems in Mono Cliffs Provincial Park

Ecosystem: _____

Date: _____ Time: _____

Location: Latitude _____ Longitude _____

Weather Conditions: _____

Air Temperature: _____

Soil Temperature: _____

Elevation: _____

Observer: _____

Ecosystem Food Chain

Producers:

Abiotic elements:

Mono Cliffs Outdoor Education Centre 2008

Consumers:

Carnivores

Omnivores

Herbivores

Decomposers:

Past

What happened here in the past that caused this area to look as it is?

Present

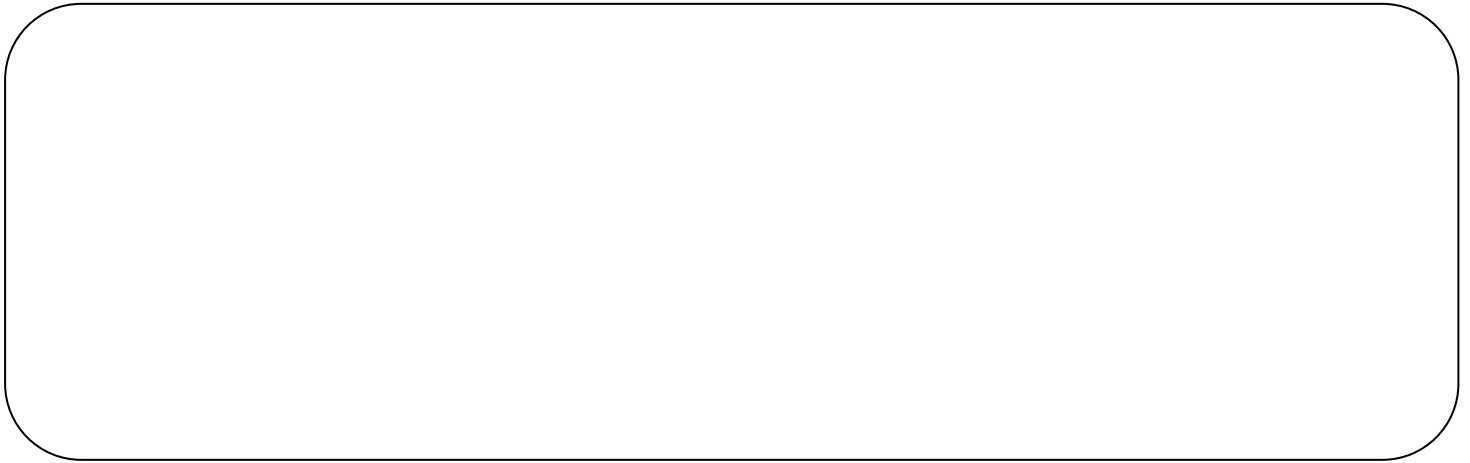

What evidence do you see of things that are changing the environment?

Natural Human
Interaction

Natural Human
