

ADDING CO-OP, CIVICS/CAREERS, and ALTERNATE COURSES TO MY BLUEPRINT SELECTIONS

CO-OP:

When choosing CO-OP as part of your course selection, please note that it is a TWO credit course. This means that you only need to select it once however it takes up 2 selections. Meaning if you have a full course load of 8 credits, you will be choosing 6 regular courses and 1 CO-OP (worth 2 credits). If you are deciding to take full day CO-OP then you will need to select 2 CO-OP selections for a total of 4 credits.

As you can see here, you only need to select Civics and Careers as one course

As you can see here, CO-OP takes up the place of two courses because it is worth 2 credits

CIVICS and CAREERS:

When selecting Civics and Careers, although it is two courses, they count for 0.5 credits each. Therefore, you only need to select Civics and Careers package once and it will count for taking both courses which occur during the same semester (each runs for half a semester each). Please see above.

ALTERNATE COURSES:

You must choose 2 Alternate credits. The reason being if one or more of you courses you selected happen to be full or the course for some reason is cancelled, we will then put your alternate course in its place. If you do not choose any alternates, your counselor will have to input a class for you (which may not be to your liking). PLEASE CHOOSE 2 ALTERNATES.
