Principal's Message

Dear Parents, Guardians and Northview Heights Community,

Northview Heights has been a very happening and exciting place as you can see and read in the articles enclosed in this Newsletter.

I would like to highlight that our Robotics team qualified for the Provincial Championships and were eliminated in the quarter finals. Despite this elimination, they have fared tremendously well. As a second year team their successes are really astounding! Congratulations to Mr. Allan Thoms, Mr. David Oppenheimer and the 60 students who make up this amazing team.

I am also very excited to let you know that Northview will be hosting a Summer School July 3-27. In only 19 days our students can earn a credit. We are also pleased to announce a specialty ~ innovative Communication Technology TGV course ~ that will enhance student's 21st Century technology awareness and skills. Please see the Guidance article on the next page for more details. Our hope is to support our students in their learning and graduation goals. If you have any questions please contact Ms. Sevil Tanrikulu in Guidance.

Sincerely,

Alison MacLachlan
Principal
Northview Heights S. S.

Guidance

Course Selection for the 2018-19 school is now complete. In addition to choosing courses on My Blueprint (www.myblueprint.ca/tdsb), students have also had the opportunity to answer their Individual Pathways Plans (IPP) questions. The IPP survey questions allow students to discover the answers to 4 key questions:

1. Who Am I?
2. What Are My Opportunities?
3. Who Do I Want To Become?
4. What is My Plan for Achieving My Goals?

Graduating Students

Many of our graduating students have received offers of admission to University and College while others are eagerly awaiting a reply. Students are encouraged to log into their email and their OUAC (University) and/or OCAS (College) application sites for updates. Students are to hand in their volunteer hours as soon as possible, if they haven't done so already.

Summer School (July 3-July 27)

Northview Summer School: Northview will be offering a variety of summer school courses for **OUR** students. Registration information can be found under "Northview Summer School" on the home page of our school website (www.northviewheights.ca).

Students must bring in their parent-signature forms to their guidance counsellors, for approval, as soon as possible.

TDSB Summer School and e-learning: Information can be found on www.creditprograms.ca.

Volunteer Hours

Northview held its semi-annual Spring Volunteer Fair on Wednesday, April 11, and it was a huge success! Students are required to complete 40 hours of community service hours as part of their diploma requirements. Volunteer experiences help students to be well-rounded individuals and develop an awareness of civic responsibility.

Job and Volunteer Opportunities

Incoming opportunities have been posted on the Guidance Jobs & Volunteer Board. Come early to get a head start on applying for positions as they come up. Check the board regularly!

Students and parents are welcome to contact their guidance counsellor if they have any questions.

Guidance Office: 416-395-3290, X 20040.

MARCH 29
 EXPERIENCE IT IN IMAX 3D

Honours Mathematics, Science, Technology (HMST)

Grade 11 HMST

To celebrate their third year of being in the HMST program, grade 11 students travelled to the **YMCA Cedar Glen Outdoor Centre** in early April. Students bundled up and enjoyed the high ropes courses, encouraging each other to climb up some very challenging structures. They also used their orienteering skills to find clues spread throughout the forest, honed their archery and spear-throwing skills and navigated through an outdoor maze. As the sun was setting, they bonded over campfire songs and warm, chocolatey S'mores. Many thanks to Ms. Chertok, Ms. Khan and Mr. Fischer for accompanying students on this field trip!

Upcoming Events

Grade 10 HMST

Grade 10 HMST students will be visiting the Science Centre in May. They will be watching *The Amazon Adventure*, an IMAX movie that highlights the true story of pioneering researcher Henry Bates, who studied mimicry and camouflage in the Amazon. Students will also participate in Chemistry workshops on different types of chemical reactions and environmental water testing.

Baycrest and Rotman Research Institute

Grade 11 HMST students will have the opportunity to learn more about the human brain and design their very own experiment, in a new joint venture with Baycrest and the Rotman Research Institute. Researchers at Baycrest are very excited to partner with Northview HMST to introduce students to the neurocognitive domains of attention, memory and executive function.

We will be attending workshops on brain function in late April, followed by interviews with older adults at Baycrest and further workshops on experimental design and use of EEG technology. Working in teams, students will perform their own investigation this fall and then share their results at the NeuroBRITE Conference.

Young Women's Conference

Grades 9 to 11 HMST students will be attending the Young Women's Conference in May, which explores careers and educational pathways in skilled trades and technology. Students will gain firsthand experience by participating in hands-on workshops. They will also have the opportunity to hear from a keynote speaker and a panel of industry experts.

Summer Opportunities

Registration is currently open for the neuroscience summer program, *Bright Lights in the Lab*. They have two programs, *Explorers* for grade 9 students and *Researchers* for students in grades 10-12. For more details, and to see photos of HMST students who participated last summer, visit <https://fireflyfoundation.org/bright-lights-in-the-lab>.

For more information about HMST events:

Website: northviewhmst.com

Twitter: @NorthviewHMST

Student Leadership

Alongside academics and curriculum, Northview has a lot of co-curricular and student leadership opportunities available for students. These experiences are both enjoyable and valuable in helping students build social skills, relationships, and important life skills. We strongly encourage our students to **GET INVOLVED** as members of our Northview community. Following are a few co-curricular highlights:

TALENT SHOW

This year's talent show will be taking place on Friday, April 27. This is an opportunity to showcase some of Northview's student talent outside of classes and curriculum. Grade 10's will have the opportunity to see the show in period 2, Grade 12's in period 4, and Grade 11's in period 5. Grade 9's will see either the period 4 or 5 show.

CARNIVAL

On Wednesday, May 23, Northview will hold its annual carnival. Students are invited out at lunch to enjoy food and activities organized by the Student Activity Council. The carnival brings the Northview community together to celebrate the end of a great year together, and we hope to see everyone having a great time that day!

STUDENT COUNCIL ELECTIONS

Northview's annual Student Activity Council Elections will take place on Friday, May 25. The Student Activity Council is responsible for representing the student body, as well as making the Northview community a welcoming and enjoyable atmosphere. The election process will begin at the start of May, so students are encouraged to listen to announcements and watch for posters if they want to get involved. Students are encouraged to see Ms. Juruc in room 101 for more details.

Positions available for election are: President, Vice-President, Treasurer, Secretary, Spirit Convenor, Community Liason, Student Representative and Media Coordinator.

A Grade 9 Representative will be added to the team following the grade nine elections in September.

LEADERSHIP RETREAT

Our annual Leadership Retreat has been booked for the 2018/2019 academic year and will be taking place October 24-26, 2018 at Youth Leadership Camps of Canada in Orillia. Our Student Leadership Executive Committee will be selected in the coming few weeks and they will quickly get to work planning to make the Retreat the best yet. We will have space to take 70 Northview students to camp. Applications for the Retreat will be available in the second week of September and will be available to all students from all grades. The cost of the trip will be \$100, which will include transportation, meals, accommodation, and programming.

Computer Studies/Engineering & Innovations

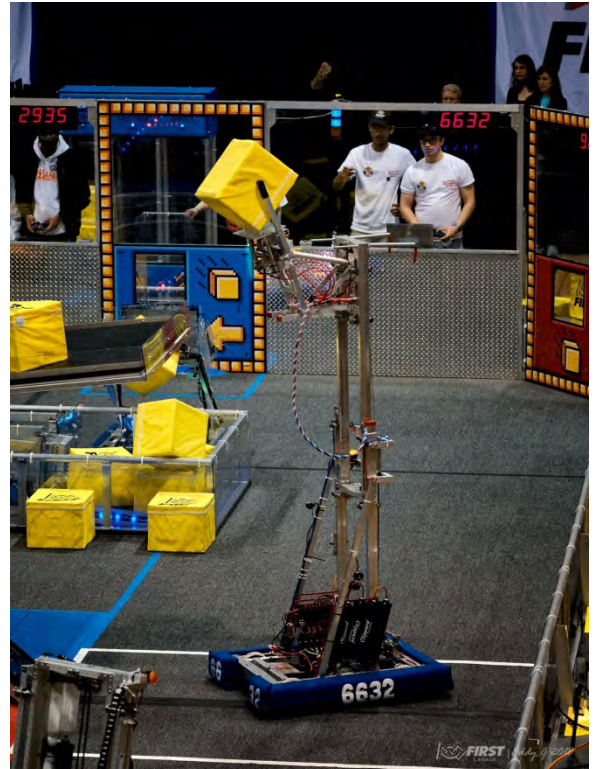

Ontario Provincial Championship

Northview's Robotics Team, Supreme Robotics 6632, made their way to Mississauga from April 12-14, 2018, to compete in the Ontario Championships. All members of Supreme Robotics had to work hard to ensure that the event would run smoothly. Mithil, the President, continuously made sure everyone was in line, and that the robot was prepared for each match. Kunal and Seyon, the Technicians, made sure the robot was in the best condition for each match. They made changes to parts, adjusted wires and bolts and much more. Manny and Max, the Programmers, worked hard to ensure the robot would function properly in the game, programming different functions such as climbing, lifting cubes onto the scale, and more. Michael, the Driver, worked hard to control the robot, so it could play excellent offence and defence. Vivek and Vedant, the Scout Leaders, determined every other robot's strength and weaknesses throughout their matches, as well as their cube count. Mihir and Alexie, the field players, strategized what to do during the matches, so they could maximize their chances at winning. Special thanks to Mr. Thoms, Mr. O, Ms. Mak, Ms. Navabi, and all parents for giving their time and efforts, to help Supreme Robotics perform to the best of their abilities.

McMaster University District Competition

Northview's Robotics Team competed at the First Robotics District Competition at McMaster University on the weekend. They played an excellent tournament, leading to an 8th pick in the play-off alliance selection. Although they lost in the quarter finals to two of the top teams in Ontario, they still secured a spot in the Ontario District Championships this weekend. At the Hershey Centre on Saturday, April 14, they participated in the Ontario Championship. It's open to the public and it's Canada's Largest Robotics Competition. 80 Teams from across Ontario competed for the chance to represent Canada at the FIRST World Championship in Detroit, Michigan. Come out and witness FIRST hand the sport of robotics. It might change your life!

York University District Competition

The Northview Robotics team had an excellent performance at the York University District Competition. Our drive team, Michael, Alexie and Mihir, drove us to the semi-finals where we were eliminated by the #1 Alliance. Thanks to our exceptional build team, our robot performed better than we hoped. Our robot was able to score in all aspects of the game, something very few teams were able to accomplish. Our pit crew led by Sayon and Kunal did a fantastic job making repairs between matches. Our scouts led by Vivek and Vadant kept us well informed about the capabilities of the other teams. Mithil, our team captain, impressed the judges with our team's accomplishments. All this led to the judges awarding us the Spirit Award. We earned a grand total of 37 district points at our first district event. Thanks to everyone involved, it was truly a team effort!

Business Studies Department

Top Female Students invited to Job Shadow Day on Bay Street

Seven of Northview's Top Female students in Grade 12 participated in "Job Shadow Day" on Bay Street, a unique reach ahead opportunity offered through "Women in Capital Markets", the largest network of professional women in the Canadian capital markets industry.

The day-long event features interactive workshops, networking and mentoring sessions, presentations profiling women with diverse careers in the capital markets, and an afternoon of job shadowing with a mentor who works in the industry.

From Left to right: Zerlina L., Rita T., Yasmin F., Yasmin K., Anisha P., Karolina C., Ria V.

Marketing Students Showcase Culture & Art

Check out the Business Studies hallway on your way to class this semester. Mr. Grande's Marketing students promote and build engaging and informative displays each semester. Marketing students, Rowena Z., Amber W., and Alex R. travel to the city of Xi'an, located in central-northwest China. A well-known tourist spot, the city of Xi'an is famous for many attractions, such as the Giant Wild Goose Pagoda, a 7th century Buddhist landmark and the lifelike sculptures of the Terra-Cotta warriors, built around the 3rd century BC. A job well done by Mr. Grande's Marketing students.

Experiential Business Leadership Learning Opportunities

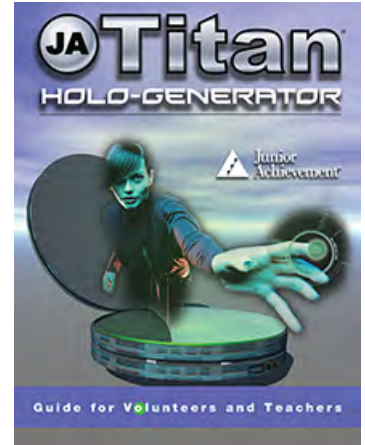

Bart Egnal, Executive Coach, Author, President & Chief Executive Officer of The Humphrey Group volunteers his time to help our Grade 12 Business Leadership students become influential and inspirational leaders. Aligning our curriculum with authentic and

engaging guest speakers teaches our students how organizations can define and communicate ideas that lead to business results. Bart's mission is to teach communication skills exclusively through the lens of leadership.

Northview Business competes at the Titan Challenge

Our Grade 12 International Business Students test their skills running a business in this year's Junior Achievement ultimate business simulation! As CEO, students compete with other high schools and match wits to win the title of Titan. By participating in workshops led by business professionals and playing an online simulation, students will learn how to plan and execute a virtual company's strategy.

Northview Takes Gold for TDSB IT Office Skills Competition

This Year's Gold Medal winner for IT and Office Skills Competition is our very own Annie Y., Grade 11 Business Student. Here is Annie with her Gold Medal for TDSB with her Dad and Mr. Oppenheimer, Assistant Curriculum Leader of Business Studies.

Annie secured 1st place and will be advancing to the Skills Ontario competition next month. Congratulations and good luck!

Cooperative Education

Congratulations to all of the students this 1st term on their successes at their work placement. Students are working at companies such as:

Tridel, Menkes, TMG Builders, Skygrid, Bondfield, Tucker HiRise, Tribute, Institute of Robotics & Intelligent Systems,	Humber River Hospital, Elementary Schools, York University, IT Solutions, Canadian Military, Shoppers Drug Mart,	Bank of Montreal, Corner Comedy Club, ACI Wright, II Fornello, Value Village, Toronto Police Services, Ripple Foundation,	Laptop Experts, Sunnybrook Hospital, Inclusive Design, Amazing Print, Goodlife Fitness, Mother & Infant In-Patient Unit, East Side Mario's,	Business Development Center, Value Village, TechTech Computer Repair, Accurate Technologies,	University of Toronto – Food Services, Expedia Cruise Ship Center, Infotech Computers, Canada Create Web Solutions, Susan Speigel Architect,	Wietzes Toyota, Peach, Zeifmans, Print Partners, Little Blackstore Studios, Hollywood Workout, Canada Creates, Tasq Computers,	Solutions Law, Hoopla, George Brown College Makeup, Valleyview Residence, Playtime, Staples
--	---	---	--	--	--	--	--

We encourage students to continue to work towards excellence the rest of the semester.

Co-op Student Advocates for Accessibility and finds Passion for Inclusive Pathway

Daniel has embraced every opportunity this semester through his co-op placement to help make Northview Heights a more inclusive and accessible school for all. As a wheel-chair bound student, Daniel W. is conducting an accessibility audit of our school. As an 'expert', his voice is valued. He now advocates for students with special needs, having consulted with staff, administration, builders, project managers and architects on inclusive design at our school. He continues to push boundaries and explore career pathways in accessibility and inclusion.

This month, he attended #DearEverybody, a conference about accessibility, disability and breaking down barriers. Daniel demonstrates many of the essential skills students learn and practise at their co-op placements: building networks, communicating effectively and continuously learning. Here he is speaking to one of the panel speakers, Maayan Ziv, an advocate and founder of Access Now, an App that uses crowd-sourcing to map and share accessibility information around the world.

Daniel continues to challenge himself, arranging excursions around the city to meet new people and audit accessible spaces. He clearly understands that there is more work to be done if we are to make Ontario a barrier-free province by 2025. Congratulations Daniel, on embracing your passion and choosing co-op to

explore your pathway!

MySafeWork

On April 18, 2018 Northview hosted the MySafeWork assembly for grades 10 and 11. The presenters shared a personal story of tragedy having lost their brother to a workplace accident. The assembly focused on the importance of youth speaking up to ensure a safe workplace. Executives from major corporations such as Bondfield, Ontario General Contractors Association, StuartOlsen and Corey Lofftat, presented information that will reinforce that all accidents are preventable and that all workers have rights and responsibilities in the workplace. This information could very well prevent our students from getting injured in their part-time and upcoming seasonal/summer jobs. At the assembly, there was a Question & Answer period in which students had the opportunity to ask the executives questions on their concerns about workplace safety.

Some important statistics to keep in mind:

- Each day, 3 Canadians are killed; 700 more are seriously injured
 - Studies show that the risk for job-related injury is higher among young workers (defined as those aged 15 to 25), than it is among older employees
 - Statistics show that workplace injuries to new and young workers are four times more likely to occur during their first month of employment than at any other time
 - Over 44% of all Toronto students will be injured on the job before the end of Grade 12
 - Only 23 percent of workers aged 15 to 24 who were in their first year on the job, reported that they had received safety orientation of equipment training. Forty-six percent said they had received no training at all
- Over 100, 000 young workers are injured in Canada every year

Ripple Foundation Blog Work

One of our students, May M. is doing great work at her co-op placement at the Ripple Foundation. She is a Publisher/Social Media Intern and recently wrote a blog on 'Tips on Managing Stress and Mental Health'. Check it out!

<http://www.ripplefoundation.ca/2018/04/12/dont-let-school-bring-you-down-tips-on-managing-stress-and-mental-health/>

CyberARTS Department

Student designed CyberARTS logo and 3D print

This semester, students are working in a variety of digital and traditional media including optical illusions, website building, logo creation and large mixed-media portraits. The grade 9 CyberARTS students also had a tour of Canada's largest reptile zoo and got up close to sketch and learn about the animals.

We are pleased to announce a new partnership with Holland Bloorview Kids hospital. A group of students are consulting and designing content for a *Youth Concussion Awareness Network*. In Cyber Co-op, students are gaining experience in a video production company, education, a digital marketing agency, media teams and a law firm.

Very soon we will be recognizing the class of 2018 at the Cyber Grad and Art Show. Students in all grades are working hard to make this an evening to remember.

Large mixed media portraits, pencil, watercolour, gel pens, markers, acrylic paint, ink, colour pencils, paint pens and a band aid.

Students getting up close at Reptillia

VISUAL ARTS

Mr. Pidsadny's **Gr. 10 Sculpture class** created Clay Quilts! Students designed and crafted the pieces in clay, exploring ideas with shape, texture and pattern. Components were joined together and then fired in a kiln at close to 2,000°! The quilts were finished using a variety of techniques including scumbling, washing, dry-brush, and glazing.

Ms. Tuzi's Gr. 9 Aboriginal Arts class NAC 10 are working on Identity-themed portrait paintings inspired by the Shepard Fairey's 2008 Obama electoral poster "HOPE." Students explored self-identity as well as cultural appropriation through a Native lens. First Nations Artist Rebecca Friedman, will be coming in to work with the NAC 10 kids in the studio!

The NAC 10 class is off to the Art Gallery of Ontario for a day filled with gallery tours and creating Aboriginal-inspired Art in the afternoon!

DANCE

We have had special Guest dancers come in to work with our NHSS Dance classes! The NHSS Dance students have been busy busting moves during lunch in the studio. Dance classes are busy preparing for the upcoming **Arts Night 2018** performance!

ARTS NIGHT TUESDAY MAY 8, 2018 6PM - 8PM

Cafe & Auditorium, Northview Heights SS

Attention all NHSS students, staff, and community members.
You are invited to a creative family-friendly
ONE NIGHT ONLY event that showcases our
Drama, Music, Dance & Visual Artists!
Come and enjoy food, raffle prizes & amazing entertainment!
Tickets are only \$3.00. Closer to the event tickets will be
available in the Front Foyer at Lunch. Tickets can also be
purchased at the door on May 8.

MUSIC

Choir: Congratulations to **North Harmonix Jazz Choir** who participated in the Ontario Vocal Festival and made it to the National level competition.

Brian Jagersky

Stunt Performer is coming to Northview!

TUES. APRIL 24, 2018
Period 5, AUDITORIUM

Sign Up Your Classes Now!

Do you have students who are interested in Film, Acting, Athletics, Career Studies, and the Film Industry?

Movie posters for Bulletproof, Suicide Squad, and Recruit.

DRAMA

Brian Jagersky, Hollywood stuntman came to Northview on April 24 for a special LIVE presentation/ Q&A. Students learned about the film industry, technology and dramatic career options.

Our Drama classes are busy preparing for the **Arts Night 2018** performance!

Special Education Department

On April 10, the Special Education program participated in an experiential learning day by visiting Variety Village! At this accessible site, our students and staff participated in inclusive games such as Wheelchair Basketball and Rugby! We also practised our non-verbal communication skills, teamwork and problem-solving by playing strategic games! The trip to Variety Village was a unique opportunity for students of varying abilities to all have the same advantage when participating in the sports and games!

Northview Best Buddies celebrated their first event early this month. Students met in the baking room and decorated spring themed cookies. There was a lot

of laughter and best of all, some friendships forming! The club event was led by our fabulous culinary arts teacher Ms. Arima. We look forward to the next Best Buddies event!

Athletics

Northview's Athletic department is wrapping up a very busy Winter sport season and looking forward to an exciting Spring season. Here are some of the highlights from Winter sports:

- Badminton – Season in progress.
- Basketball (Novice Boys) – First ever grade 9 only boys basketball team developed their skills and teamwork
- Basketball (Junior Boys) – Strong 5-1 regular season record, lost a close game in the North Region semi-final to rivals Earl Haig
- Basketball (Senior Boys) – A few tough losses resulted in a down year for a team that made it to the Junior North Region finals two years prior.
- Ice Hockey – North Region Finalists: 200 students and staff walked over to Herb Carnegie arena to support our team in the Finals against York Mills.
- Ski/Snowboard – Mathew P. finished 4th in Slalom Skiing at the City Championships and 6th overall combined. Bright future for ski and snowboard!
- Soccer Indoor (Varsity Girls) – Finalists for the North Region, lost to East York in the City Semi-Finals.
- Soccer Indoor (Junior Boys) – Won the North Region Championship and City Championship! Will represent the North Region at the outdoor City Championships this spring! Good luck!
- Soccer Indoor (Senior Boys) – Several tough losses led to a down year for this team. Will look to build on teamwork and defence for next year.
- Swimming – Largest school sports team finished 3rd in North region for combined team.
- Volleyball (Girls Junior) – Strong regular season record of 4 wins and only 1 loss. Lost in North Region quarter-final to York Mills.
- Volleyball (Senior Girls) – Also a strong regular season record of 4 wins and only 1 loss. Lost in North Region quarter-final to Don Mills.
- Wrestling – First team in over 20 years. Kaleb B. qualified for OFSAA.

Northview's Athletic department is pleased to offer the following SPRING sports to our students: Archery (club), Boys Baseball, Co-ed Volleyball, Boys Cricket, Girls Flag Football, Girls Softball, Girls Soccer, Tennis, Track and Field, Ultimate Frisbee, Boys and Girls Water Polo.

We welcome all students to get involved in Northview's athletics programs.

GO PHOENIX!

APGA Department

The Academic Program for Gifted Athletes currently has 62 athletes representing 19 different sport disciplines. A few of our athletes are highlighted below.

Natasha S. in grade 10 just finished competing at the U18 Rogers Indoor Junior Nationals in Toronto and was crowned Champion! Read more about Natasha's success here: <https://www.tenniscanada.com/huang-sengphrachanh-u18-junior-national-champs/>

Six of our TFC Academy athletes (Grade 9 students Evan and Lowell, Grade 10 students Eleias, Nathan and Rohan and Grade 11 student Spencer) recently competed in Texas against other MLS and European Academy soccer clubs.

Grade 12 student, Ovonte also competed in Texas for Durham FC. Ovonte has committed to Florida Gulf Coast University on a Division I scholarship. Congrats!

Grade 12 student, Allyse who is currently training with the Women's

National Softball team has committed to Bucknell University on a Division I scholarship. Congrats!

BATHURST-FINCH HUB

FARMERS' MARKET

Wednesday, May 30, 2018
12:00-4:00 p.m.
540 Finch Avenue West

AND FREE TREE GIVEAWAY

Shop the market for fresh produce, baked goods, prepared foods, crafts and more!

This market is the first of five markets that will be held at the Hub over the summer. Join us for our other market dates on the last Wednesday of the month from 12:00-4:00 until September.

June 27
July 25
August 29
September 26

The Hub is hosting a **Tree for Me** event in conjunction with the market.

You can pick up a free tree by registering in advance at treeforme.ca. Or stop by the Hub to sign up for your tree. Choose from one of eight different trees!

SchoolCashOnline

The Toronto District School Board is launching School Cash Online, an easy to use, safe and convenient way for parents and guardians to pay for their children's school fees, including agendas, yearbooks and class trips. To register for School Cash Online, please follow these step-by-step instructions.

NOTE: If you require assistance, select the **SUPPORT** option in the top right hand corner of the screen.

Step 1: Register

a) If you have not registered, please go to the School Cash Online home page <https://tdsb.schoolcashonline.com/> and select the **"Get Started Today"** option.

b) Complete each of the three Registration Steps
*For Security Reasons your password, requires **8 characters**, **one uppercase** letter, **one lowercase** letter and a **number**.

Step 2: Confirmation Email

A registration confirmation email will be forwarded to you. Click on the link provided inside the email to confirm your email and School Cash Online account.

The confirmation link will open the School Cash Online site prompting you to sign into your account. Use the email address and password just created with your account.

Step 3: Find Student

This step will connect your children to your account.

- Enter the School Board Name
- Select the School Name
- Enter Your Child's First and Last Names
- Enter Your Child's Date of Birth
- Select **Confirm**
- On the next page confirm that you are related to the child, check in the Agree box and select **Continue**
- Your child has been added to your account

Step 4: View Items or Add Another Student

If you have more children, select **"Add Another Student"** option and repeat the steps above. Five children can be added to one parent account.

If you do not wish to add additional children, select **"View Items for Students"** option. A listing of available items for purchase will be displayed.

Stay connected! Be sure to select the option to receive email notifications when new items become available, selecting **"Yes"**.

Add Student

1. Type in the School Board name and select one from the list
