First Grad Assembly

It's that time of the year where we start getting Graduates ready for the big day. We would like to hereby invite all potential Grads to the *Grad Google Classroom* where you will find updates and other Grad related materials. Grade 12 students should check their email to access the Grad Google Classroom.

The First Grad Assembly occurs on Wednesday April 15th at 11 AM in the auditorium

Guidance News:

Spring Volunteer Fair- April 8, 2026

Northview's Spring Volunteer Fair was a huge success. There were 9 community organizations that attended the fair and many students signed up for volunteer opportunities!

The collage features several posters:

- KMC Youth Program:** Encourage youth to find a fulfilling career after high school. Increase youth knowledge on mental wellbeing. Includes group and one-on-one sessions.
- Participating Community Organizations:** Lists organizations such as Newcomers Youth Leadership Development (YMCA), Gibson House Museum, Salvation Army, Neighbourlink North York, Scouts Canada, TNG Community Services, Unison Health and Community Services, West Neighborhood House, and Kababayon Multicultural Centre (KMC).
- Spring Volunteer Fair:** April 8, 2026, Northview.
- April 2026 Calendar:** A calendar showing various events like 'Culture in the City', 'Games Club', 'Wellness Wednesday', and 'Creation Cafe'.
- Volunteers needed!!! Northview Garden:** Bathurst-Finch. Join us this summer!!! All produce will be donated to North York Harvest Food Bank.
- Unison Health & Community Services:** Engage. Empower. Enhance. Location: 540 Finch Avenue West Toronto.
- Toronto History Museums:** Welcome to Gibson House.
- North York Youth Drop-In:** Monday-Friday, 3:30PM-6:00PM. 5231 Yonge St. Unit 200. Looking for a community to be a part of and earn volunteer hours?

Potential Graduates Volunteer Hour Deadline- April 17, 2026:

As posted in the grade 12 Guidance Google Classroom, potential graduates must submit the remainder of their volunteer hours, whether it be to fulfill the 40 hours minimum requirement or, for additional hours to be entered, by April 17, 2026. Please submit your hours to Ms. Snider, in the guidance office.

Next Automatic OUAC/OUAC Transmission date, April 21, 2026:

All potential graduates who currently have an OUAC and/or OCAS account are asked to check the academics section of their accounts the following week to ensure that all information is accurate. Students must see their guidance counsellor immediately if there notice any inaccuracies.

Know Your Worth Scholarship Opportunities for Students of African Heritage:

The African Heritage Month Planning Volunteer Committee and TDSB are committed to encouraging and supporting students of African heritage to further their post-secondary education. The African Heritage Month Volunteer Planning Committee is pleased to announce that students of African heritage who are graduating from a TDSB secondary school can now apply for the Know Your Worth Scholarships.

The scholarship offers three categories:

- Know Your Worth Umoja Leadership Award – Deadline is April 24 at 7 p.m.
- Know Your Worth Kujichagulia Academic Award – Deadline is May 8 at 7 p.m.

Each award has a prize of \$2,000. The information package below explains the scholarship's eligibility, conditions, criteria, and submission requirements.

Click link [2025 Know Your Worth Scholarship Package](#) for all three Know Your Worth Scholarships,

US College Expo:

The US College Expo is an event for students interested in potentially pursuing post-secondary studies in the United States. The event will feature a variety of resources and presentations and students will have an opportunity to meet with representatives, students and alumni from various colleges and universities. Attendees will also learn more about admission requirements and the application process.

Date: Saturday April 11, 2026

Time: 10:00am- 2:00pm

Location: Roy Thomson Hall 60 Simcoe Street Toronto ON M5J 2H5

Free Admission: Students and families are asked to -register to attend at- [US College Expo - Register](#)

Student-Teacher Volleyball Game

The Fitness Leadership Class is excited to announce we will be hosting our second Student-Teacher event this upcoming Thursday, April 16th, at lunch in the main gym! Our teachers, after winning the first face-off in dodgeball, are in contention to take home the cup. Our second game of the series is a high-stakes volleyball match, giving the students a chance to stay in the running and tie it up. For students who wish to watch the game, spectator entry is free! We can't wait to host another action-packed and spirited event. We're looking forward to seeing you there!

Humber Polytechnic – Open House & Information Session for High School Students & Parents/Guardians

Humber Polytechnic is having an open house and information session for parents/guardians and high school students.

This session will highlight postsecondary opportunities, pathways, dual credit options, and available resources to support a smooth transition after high school. Their goal is to help shift students’ mindsets from anxiety and uncertainty about potential careers to a sense of optimism and confidence in their postsecondary future by providing clear, accessible information—particularly about the Dual Credit pathway.

It will highlight that Humber Polytechnic offers a range of foundation and pathway programs designed specifically for students who may be unsure about their future education or are having difficulty choosing a career path.

Refreshments will be provided. As the session will take place during the Humber Open House, on Saturday April 18th, so parents and students will also be able to explore the campus and ask questions about programs of interest.

Please see the link for registration : [Humber Polytechnic Open House Registration](#)

HUMBER POLYTECHNIC

Parents Info Session

Join us for an informative session focused on helping your child’s journey from high school to a fulfilling postsecondary education and career.

Who Can Attend:

- Parents/Guardians
- Students (High School)

Refreshments Provided **FREE PARKING**

Explore Pathways

Discover a range of Dual Credit and Pathway programs designed for students who are feeling uncertain about their future.

Shift To Optimism

Gain insights that transform anxiety into excitement about career and educational opportunities!

Supports for Success

Learn more about resources at Humber Polytechnic that ensure a smooth transition to postsecondary education.

Why Should You Attend?

By understanding available pathways and supports, you can navigate your future with confidence and clarity.

ALH NHSS LLC March 2026

Northview Heights Library Services for Students

Writing and grammar Lessons

Having trouble putting your thoughts to page? Can't seem to ace your grammar tests? The library is here to help! Whether you need help writing an assignment for class, or you are an ESL student looking for extra help, our teacher librarians will design lessons for your specific needs.

IT Support

Is your technology not cooperating? Come by the library see if we can fix it. We offer IT support for chromebooks, laptops, desktops, phones, and printers, but we'll try our hand at fixing anything. We can also help you with your student account!

Resource Selection

Having trouble finding good resources for your assignment? Come to the library and ask a teacher librarian for help. They are experts at finding reliable and relevant resources!

Lesson Co-Planning

We would love to co-plan lessons with you! One of the goals of the library is to support the curriculum, and what better way to do than to collaborate with teachers. We're not just a room full of books, we can be an integral part of your students' education.

Research Help

Need to research for an assignment and don't know where to start? Teacher librarians are here to support you! We promise we're much better at finding resources than AI!

Space Bookings

Book a time in the courtyard, the commons, browser, or the seminar room. Just email the library and see what's available!

Citation Help

Making citations can be boring, but it is a very important skill in academia! While there are a lot of helpful online resources, sometimes it's easier to ask a professional for help (especially since there are SO many editions and rules). We can also check any citations before you hand them in!

Online Tool Workshops

As students, you have access to a lot of different software! We offer workshops for various online tools. Come learn how to use Notebook LM, Gemini, Microsoft Co-Pilot, and more!

Supervision for Make-up Tests!

If you ever need to write a make-up test, the library is the perfect place to do it! We can supervise and provide you with a quiet environment to help you take your test to the best of your ability

Makerspace

Have some free time before class? Check out our MakerSpace to see what you can craft. There are materials for drawing, crocheting, bracelet-making, and much more! It's also a great place to pick up a pencil if you've lost yours! There are also games like Uno, Twister, Jenga, and a puzzle of the month!

instagram

Phone number

email

Library Hours

Mondays - Fridays: 8:30 - 4:00
Listen to the announcements or check our doors for any changes!

Reminder

Please no food or drinks in the library (except water)
Help us protect our books and our space

Free Afternoon Snacks

Beginning this Monday, April 13th hungry students will be able to pick up fruit and other snacks in the front foyer at the end of the day. Many thanks to the [Toronto Foundation for Student Success](#) for their continued generous support of Northview's Nutrition Program.

Virtual ASD Afterschool Skills Development Program - Spring 2026 Registration

The spring 2026 session of the Autism Spectrum Disorder (ASD) Virtual Afterschool Skills Development Program will run from **March 24 to June 9**. The program is open to students in grades 4 to 10 with an ASD diagnosis.

Principals have been asked to share the [ASD Afterschool Skills Development Program letter](#), with parents and caregivers of eligible students.

Registration closes on March 6.

Parking and Vehicle Safety

Student safety is our highest concern at Northview. Each year we observe risky driver behaviour when students are being dropped off and picked up from school. Families must note the following:

- The WEST side parking lot is designated for TDSB Staff parking only. Student drop-off or pick-up **should not be attempted in the West Parking lot. Use the Esther Shiner Stadium parking lot, Virgilwood Drive of the Ailsa Craig Parkette.**
- Student drop off on Finch Avenue is dangerous. Do not use the TTC lane or make U-turns on Finch Avenue when dropping off students.
- The NHSS "Kiss and Go" drop-off/pick-up loop is located in our EAST side parking lot and we ask that **ALL student drop-off and pick-up occur in the EAST side parking lot.**
- Please do not block the school bus drop off/pick up area in the northeast area of the school.
- Student parking will be limited to a small number of spaces in the rear of school - accessible via the east side parking lot on a first come, first served basis.

Drop-Off & Pick-Up Zone

DROP OFF

Please use the drop off and pick-up zone at Northview to drop off and pick-up your child

Summer School 2026

Continuing Education In Person and Remote

Registration opens April 28th at 10:00 am and closes on June 12th at 10:00 am.

• All Grade 9 and 10 **online** Summer School credit courses will be delivered **synchronously** through the Continuing Education Remote Summer Program.

- Students are expected to attend both the AM and PM sessions WITH CAMERA'S ON
- **In Person Grades 9 to 12 Courses are offered at:**
 - [David and Mary Thomson C.I. 125 Brockley Drive, Scarborough](#)
 - [Central Technical School 725 Bathurst Street, Toronto](#)
 - [Stephen Leacock C.I. 2450 Birchmount Road, Scarborough](#)
 - [Western Technical Commercial School 125 Evelyn Cres, Toronto](#)
 - [West Humber C.I. 1675 Martin Grove Road, Etobicoke](#)
 - [Westview Centennial S.S. 755 Oakdale Road, North York](#)

[Remote Full Credit Courses \(Grade 9 and 10 only\)](#)

[Remote Credit Recovery](#)

Summer School 2026

eLearning July and August

Registration opens Tuesday April 21st at 10:00 am and closes at June 2nd at noon.

- All Grade 11 and 12 online Summer School credit courses will be delivered through the e-Summer Program.
- The program is primarily **asynchronous** (learning does not occur in real time) with direct teaching for about one hour/day and teachers available for the rest of the school day to hold office hours, small group sessions, individual tutorials and respond to student questions via email.
- Please note that although e-Summer courses are asynchronous, they are not self-paced courses. Assignments and evaluations are to be completed and submitted according to the due dates established in the course outline. Students are expected to log in and commit 6-7 hours daily to engage in and complete work independently.

[July Courses](#)

[August Courses](#)

TDSB Outdoor Education Summer Camp Opportunities

Our Outdoor Education Centres are once again excited to offer overnight camps this summer at the Scarborough Outdoor Education School (SOES) in Kearney and at the Island Summer Camp at the Island Natural Science School. Feel free to share these [Camp Kearney](#) and [Island Summer Camp](#) posters and links with information with families.

Teaching & Learning AI Use Scale

tdsb | Teaching & Learning

To support responsible and purposeful use of AI, learning activities must clearly state and communicate to students if, when, and how AI can be used. Use the following AI Use Scale to identify how might AI support students in the learning process connected to learning goals which are aligned to the curriculum. Adapted from Perkins M et al, (2024) and University of British Columbia AI in Teaching and Learning (2025)

Use	Learning Task Design	Assessment of Learning Task	Examples
No AI	Learning task is completed entirely without AI assistance.	Students can be assessed on knowledge/understanding, communication, thinking, and/or application. AI must not be used at any point during the process of learning and in the final learning product.	<ul style="list-style-type: none"> Conversations, oral presentations, read alouds, role play Developing transferable skills Writing tasks with a specific goal (sentences, metaphors, coding, journal writing etc.) Demonstration of a skill Quizzes, tests, exams
AI as a Study Tool	AI can be used to prepare, review, and study. Use AI to continue to develop skills and reinforce knowledge related to in-class learning and to prepare for assessments.	Assessment as learning, where students actively engage in their own learning by monitoring their progress, setting goals, and reflecting. Students develop their metacognition to be independent, autonomous learners.	<ul style="list-style-type: none"> Explain topics with visuals or more examples Breaking down a complex task into simpler parts or a checklist Learn from mistakes by uploading and analyzing past assessments Create flashcards and practice quizzes Create vocabulary lists and study guides Practice conversations, conferences, or interviews Study schedules to support executive functioning
AI for Idea Generation	AI can be used for brainstorming, creating structures/organizers, and generating ideas for improving work.	No AI content is permitted in the final learning product. Student may be asked to document their thinking, idea generation and organization with respect to and distinct from AI. This may be submitted during the process or with the final learning product.	<ul style="list-style-type: none"> After initial research, generate for and against ideas to further refine topic for opinion essays or debates Starting with initial ideas or evidence, scaffold the writing process by generating a topic sentence or outline Generate ideas that can be created with a specific tool or student interest From identified real-world issues/challenges, generate inquiry questions or inquiry topics Input research notes to organize into succinct ideas
AI Assisted Editing	AI can be used after the learning product is completed. AI is used to make improvements to the clarity or quality of student created work to improve the final output, but no new content can be created with AI.	AI content may be in the final learning product, but the original work drafts with no AI content must be provided. Student may be asked to document AI-assistance and annotate if AI-assisted edits were rejected or accepted, and why.	<ul style="list-style-type: none"> Input draft of writing and ask for specific feedback on syntax, grammar, spelling only without changes to content or organization of ideas Input draft of cover letter or resume and ask for specific feedback related to job posting, tone, or audience Input image of learning product and ask for specific feedback
AI for Creation	AI can be used to complete certain elements of the task as instructed. Discussion or commentary on AI-generated content is required. Explicit teaching has occurred with respect to prompting, and critical review of outputs.	AI is used to complete specific tasks in the final learning product. AI may not be permitted in other parts. Student may be asked to provide documentation of gen-AI chat history. AI is responsibly used, cited, and/or attributed.	<ul style="list-style-type: none"> Create visuals (not evaluated) to support understanding (ie: picture dictionary, visual aids for presentation, music) Generate a final product as an example that can be assessed as a class to demonstrate the use of the rubric Generate procedural steps or recipes to follow Interact with a historical figure Generate an image to begin writing process
