Community Safety Reminder

Following an incident that took place this week involving a suspicious man approaching a student off school property, we would like to share the following safety reminders with families. The student did the right thing and immediately reported the incident to a trusted school staff member, and the incident was reported to the Toronto Police.

At Northview, our staff regularly reinforce safety precautions with students. We are fortunate to have several safety initiatives, programs, and policies that contribute to a safe and caring school. However, most incidents happen away from school, or outside of school hours. We want to emphasize to all students, staff, and parents/guardians the importance of awareness and the need for extra care in even the most ordinary and everyday routines, no matter where you are.

Of course, safety is a shared responsibility, and we encourage families to continue to review street proofing tips together, which you can access on the [Toronto Police website](#).

We ask everyone in our school community to immediately report any suspicious or unusual occurrences to the office, to one of our staff, or to the police as appropriate. With the help of our students, staff, and community members, we can help maintain a safe learning environment.

**Guidance News:**

DUAL CREDITS – Take a College Course while still in High School – Summer & Fall Registration has opened.

What is a Dual Credit?

- A dual credit is a **college course**, delivered on a college campus, by a college professor which you add into your regular homeschool timetable.
- They are called **DUAL** credits because students earn **TWO** credits: a secondary high school credit AND a college credit
- Dual credits require **half the in-class time** as a traditional high school course and are offered once per week for a 3-4 hour block of time.
- Dual credits are **FREE** - tuition, transportation and supplies are all included
- Course offerings include a **huge array of interest areas and potential careers paths** which go above and beyond what is offered at high school, many are lab or shop based with hands on experiences. While others provide you with a lecture style format in a college classroom.
- Dual credit programs are intended to assist secondary school students in completing their OSSD and supporting a successful transition to college and/or apprenticeship programs.
- Students in Cooperative Education, Specialist High Skills Major (SHSM) programs and students in the Ontario Youth Apprenticeship Program (OYAP) may also be eligible to participate in dual credit programs.

Literacy for TDSB Families

In this [English/Literacy Newsletter for TDSB families](#), you'll find practical, easy-to-use strategies, activities, and tips that support literacy learning at home for all ages. Whether it's supporting early reading, building vocabulary, or encouraging meaningful conversations, these ideas are intended to fit naturally into your daily routines.

At the TDSB, we recognize families as children's first teachers and partners in learning. This newsletter is one way we aim to strengthen that partnership—empowering you with tools and ideas to help your child grow as a confident and joyful learner.

Parking and Vehicle Safety

Student safety is our highest concern at Northview. Each year we observe risky driver behaviour when students are being dropped off and picked up from school. Families must note the following:

- The WEST side parking lot is designated for TDSB Staff parking only. Student drop-off or pick-up **should not be attempted in the West Parking lot.** [Use the Esther Shiner Stadium parking lot, Virgilwood Drive off the Ailsa Craig Parkette .](#)
- Student drop off on Finch Avenue is dangerous. Do not use the TTC lane or make U-turns on Finch Avenue when dropping off students.
- The NHSS "Kiss and Go" drop-off/pick-up loop is located in our EAST side parking lot and we ask that **ALL student drop-off and pick-up occur in the EAST side parking lot.**
- Please do not block the school bus drop off/pick up area in the northeast area of the school.
- Student parking will be limited to a small number of spaces in the rear of school - accessible via the east side parking lot on a first come, first served basis.

Northview Entrepreneurs Shine at the TDSB EEP Showcase!

On Wednesday, June 3rd, our very own student entrepreneurs from the Northview 3D Printing Company (N3DPC) represented us at this year's Experiential Learning Annual Educational Entrepreneurship Project (EEP) End of Year TDSB Showcase, held at George Brown College's Waterfront Campus.

Our students joined over 100+ young innovators from grades 7 through 12 across the TDSB to embrace the spirit of entrepreneurship - the goal for students to experience starting up their own business ventures.

The event provided an incredible opportunity for N3DPC to showcase their operational business, customer-focused, whole school event evolution—and share their experiences managing major community projects. They connected with peers, took part in specialized networking, and pitched their business ideas directly to a panel of industry experts and community leaders.
